

Request for Vendor Contract Update

Pursuant to the terms of your awarded vendor contract, all vendors must notify and receive approval from Region 4/OMNIA Partners, Public Sector when there is an update in the contract. No request will be officially approved without the prior authorization of Region 4. Region 4 reserves the right to accept or reject any request.

Safco Products Co. _____ hereby provides notice of the following update to
(Vendor Name)
 Furniture, Installation, and
 Contract number: R240114 for Related Services on this date 12/12/25.
Contract Title

Instructions: Vendors must check all that may apply and shall provide supporting documentation. Place your initials next to each item to confirm that documents are indeed included. Request received without supporting documentation will be returned.

For material changes, the awarded contract holder and/or subsequent assignee agrees to and understands the following principles:

i. **Contract holder reference.** If the contract holder undergoes a merger, acquisition, or partial assignment, in which case they still maintain the contract, then all transactions made under the existing contract number (including purchase orders) must reference the name of the awarded contract holder. The exception to this requirement is if the contract holder no longer holds the contract or if the company has been acquired by another company and undergone a name change. Notice of the authorized name change, to the existing contract, must be provided and approved by Region 4.

In instances where the contract holder has acquired a separate and distinct company, and it is necessary to designate those certain purchases facilitated by the non-contract holder, then this designation may be made if, and only if, the contract holder is also referenced on the transaction.

ii. **Maintenance of records.** Both the awarded contract holder and subsequent assignee agree to remain responsible for maintaining all auditable records, including documents kept in the ordinary course of business and sales invoices, related to OMNIA Partners, Public Sector and/or contract number pursuant to the statutory requirements identified in the vendor contract.

iii. **Payments.** Both the awarded contract holder and subsequent assignee agree that all payments made by participating entities must be made directly to the contract holder, unless otherwise approved by Region 4. Accordingly, both parties acknowledge that in instances where it is necessary to designate the purchases facilitated by assignee, that the contract holder must also be referenced on the purchase order.

iv. **Handling of Proprietary and/or Confidential Information.** In accord with the terms of the contract, both awarded vendor and assignee agree that at all times it will hold in strict confidence and not disclose to any third party Confidential and/or Proprietary information of Region 4, except as approved in writing by Region 4, and will use the Confidential Information for no purpose other than providing services under the contract. Both awarded vendor and assignee shall only permit access to Confidential Information to those of its employees or authorized representatives having a need to know and who have signed confidentiality agreements or are otherwise bound by confidentiality obligations at least as restrictive as those contained herein.

This document is to be construed in strict accordance with the terms and conditions outlined in the Region 4/vendor Master Agreement referenced herein. Both awarded vendor and assignee agree to uphold the vendor obligations set forth in the vendor agreement. This Agreement will become effective when signed by all parties.

Date: December 15, 2025

Subject: SAFCO Price Adjustment

Dear Valued Customer,

To continue delivering the high-quality products and service you rely on, Safco will be adjusting prices across our portfolio, effective January 1, 2026.

Pricing adjustments will be applied at the individual item level, reflecting the specific cost changes for each product. This approach allows us to take increases only where necessary, ensuring fairness and transparency. Overall, adjustments will average approximately 4.5%, with individual product changes ranging from 2% to 9.8%.

Please see the attached updated price list for item-specific details.

Contributing factors to these adjustments include:

- Increases in inbound freight and container costs
- Rising costs of raw materials, including, but not limited to, those with the greatest impact such as cold rolled steel, steel plate, and steel rod
- Higher prices for packaging materials, including corrugated materials and domestic hardwoods used in shipping pallets
- Increased costs for particleboard and resins

These adjustments reflect current market conditions and allow Safco to continue providing the quality products and service you expect. All other terms and conditions remain unchanged.

A handwritten signature in black ink that reads "Stuart M. Johnson". The signature is written in a cursive style and is positioned above a yellow rectangular highlight.

Stuart Johnson
Director of Sales & Customer Care
