Section 1: Qualifications and Experience

FIRM PROFILE

1. Clear-Armor LLC
32991 N. Thornapple Ln, Grayslake, IL 60030
Office: (847) 3619445
Fax: (847)2232445
Website: www.clear-armor.com
2. Founded in June 2002
3. CEO/Owner: David A. Trudeau
COO: Alex Trudeau
Senior VP: Mario "Doc" Martin
Project Manager: Alex Trudeau
Alex@clear-armor.com
Cell: (224)305-9445
4. Core Competencies
Manufacturer of world patented glass security, bullet resistant laminate and rigid/flex boards.
Provide consultation/threat assessment via crime prevention through environmental design.
Crisis Management training,
First Responder and Mass Casualty Kits
5. **No Subcontractors are used**
6. Clear-Armor does not have any judgments, claims, mediation/arbitrations, lawsuits against the firm, or its officers in the past five (5) years.
7. Since its foundation in 2002 and the invention of Clear-Armor products, we have made it our mission to harden the two weakest parts of building, glass, and people. We have hardened windows and installed over 1 million square feet of security laminate nationwide with zero complaints and hundreds of referrals. We are the leading experts in transforming your existing glass into armor, providing you with an optically clear, 99% UV protection and finish product has a **Limited Lifetime Warranty**

PROJECT APPROACH

Team will arrive on-site with all materials and equipment necessary to complete the project. The Project Manager (PM) and Crew Lead (CL) will re-measure all the windows and check the condition of the glass prior to the job starting. The material will then be custom-cut on-site. Crew will prepare the glass by cleaning and polishing it before installation. Glass will be inspected by PM, CL before installation starts. Glass is then cleaned again prior to applying laminate. They dry measure the laminate to the glass for precision. The material is then installed to the interior of the glass. The laminate provided immediate protection but must allow 30 to 60 days to fully cure. Hours of operation are tailored to client's needs. 1st, 2nd, 3rd shift, we will work until the project is done. Upon job completion of the project, the CL will

provide a cut-sheet to the Lead showing square footage of material installed to the client. Dependent upon amount of material to be installed allow 45 days +/-5 days for any discrepancies, if any to show. We will schedule a crew to take care of them. Clear-Armor **does not charge for wastage**. The crew can cover approximately 500 Square feet per day. Once a Purchase Order or Award is made. Our team will schedule an installation date to best suite your needs.

PROJECT MANAGER

Project Manager, Alex Trudeau has overseen the installation of hundreds of thousands of square feet of security material, riot control and bullet resistant laminates in homes, offices, state and federal buildings across the nation. His attention to detail and professionalism is unmatched. All crew leader's ability to communicate with clients is special. They make time during the projects to teach our clients about the installation process and products, guide the client with safety/security knowledge to provide peace of mind at home or the workplace. Alex Trudeau is the COO of the company and have led big, small, very demanding projects for the past 10 + years, all with successful and on time completion, leading to multiple referrals. His communication skills and rapport with owners and consultants are impeccable. His attention to detail, progress reports, daily meeting with clients, explanation of work and progress are things that Alex takes to heart. Even if something was not planned and needs to get done to keep people save, Alex will make the call and get it done.

TEAM LEAD/CREW Training

All Clear-Armor go through a rigid training program. The training includes a 3-phase process to include classroom training, shadow program and on the job training. The are core competencies that must be met in order to move to the next level/title within the company. Every installer must then pass the certification course exam with a project manager or superintendent. The course exam consists of a written or knowledge base potion. Followed by a performance base portion. Below is an example of a training certificate.

Resumes: PM & Superintendent

Qualification/References

Clear-Armor have been in business for over 16 years with continuous customer satisfaction and has received multiple job referrals from those satisfied customers. We have installed over 60,000 Sq Ft of security laminate in Douglas County Schools (CO), and most recently 20,000 Sq Ft at Saint Vrain Schools (CO), not to mention laminate installation of over 200,000 Sq Ft to top 50 companies since our inception.

Clear-Armor will provide you with an aesthetically pleasing, optically- clear finished product. Followed by Clear-Armor's warranty and cleaning instruction documents. "You only pay for what it is installed". You will receive a cut-out sheet with measurements and Sq Ft installed. Most importantly, the trust and professionalism of a well trained and certified team and organization.

Because of the nature of the work conducted at their respective facilities we have signed NDA with all of our clients. They have all agreed and given the OK to provide information regarding our work and amount as necessary. We take the privacy of our clients very seriously, as we will with yours.

1) Douglas County CO School District

**HOLOCAUST**DOCUMENTATION AND
EDUCATION CENTER**Secure Community Network (SCN)****Mr. Michael Masters****National Director and CEO****New York, NY****March 19, 2021****Dear Mr. Masters,**

On behalf of the Holocaust Documentation & Education Center, Inc. (HDEC), I wish to thank you for the work Secure Community Network and your leadership provides in keeping the Jewish Communities and Federations in the United States safe.

As a member of the Jewish Community, and currently serving as the President of the HDEC in Dania Beach, Florida, we have become familiar with several companies and individuals providing security services for many of our needs throughout our Jewish Community.

Approximately 3 years ago, we were fortunate to be introduced to Clear-Armor LLC, one of the most amazing security companies that we had the pleasure of working with. Dave Trudeau, Owner/CEO of Clear-Armor LLC, was one of the most impressive and incredibly knowledgeable individuals that we have ever met in our institution's history. He and his team were an absolute pleasure to work with. Their professionalism, critical attention to detail, and their constant support has earned our utmost respect and trust.

They focused in every possible way to help enhance our security by strengthening HDEC's glass doors and windows with their unique "bomb-blast" patented material to safeguard the lives of our staff, visitors, and volunteers as well as our important and invaluable holdings.

It is not surprising that Clear-Armor LLC has been chosen by many organizations in our community to heighten their security. Clear-Armor LLC certainly deserves our highest endorsement. Clear-Armor LLC has gone above and beyond to ensure the safety and security of our institution, and is always available to answer questions and concerns we may have along the way.

It is my pleasure to share with you at Secure Community Network, that I fully recommend Clear-Armor LLC to any organization, institution, or company who is seeking to enhance their security needs that we all know many in our community so desperately need.

Sincerely,

Rositta E. Kenigsberg
President

Mr. Dave Trudeau
32991 North Thornapple Lane
Grayslake, IL 60030

Dear Mr. Trudeau and Clear-Armor, LLC.

I wanted to send you a note to let you know that your employees were outstanding!

Alex, Mike, Nick and Zach were very professional, exceptional young men who took the time to explain to our employees and members the what, why and how of the window coverings and how it would enhance the security of our building.

Too often we do not hear about the positives in our line of work so I wanted to make sure you knew that I am very appreciative of your employees and the superb quality of their work.

They were friendly, sincere and great to work with.

Thank you,

A handwritten signature in cursive script, appearing to read "Molly".

OF WAUKESHA

September 20, 2016

David Trudeau, CEO
Clear Armor LLC
32991 N. Thornapple Lane
Grayslake, IL 60030-2058

Dear David,

On behalf of Congregation Emanu-El of Waukesha I'd like to express my thanks for the work, time and generosity you've extended to us as we've endeavored to upgrade the security of our building. Joe Dailey and David Rubenstein conveyed to me and to our Board of Trustees the high degree of your professionalism in your dealings with them, and also your willingness to provide us with a price that made this product within our reach.

Unfortunately, circumstances demand that I must also offer you a sincere apology. It's been explained to me that Robert Jones falsely represented himself to you as our employee. Be assured that no one from Congregation Emanu-El leadership or membership authorized such a misrepresentation; we are greatly distressed that such an incident occurred in our name. We regret that you were troubled with this episode, and earnestly hope it doesn't interfere with what we feel is a mutually sound relationship based on ethics of the highest order.

We look forward to the completion of the installation of the TruArmor product on our building next week. We're fortunate to have found your product and your company, but especially fortunate to have made the connection with you, a person of such high integrity and generosity.

Sincerely,

Ann S. Meyers, President
Congregation Emanu-El of Waukesha

Chief of Police

November 23, 2021

Clear Armor
32991 North Thornapple Ln.
Grayslake, IL, 60030

Dear Mr. Trudeau,

On behalf of the Boulder Police Department, we want to thank you for the excellent service provided to our headquarters building last week. The provision of additional security on our windows and partitions was received with the commitment from your team to give the best to our team, men and women that we feel give their best every day to their community. The product itself gives our staff a sense of increased security and protection from threats during what has become a volatile time in policing.

In addition to the unique security product, the team sent to work with us was fully aware of their environment and provided such care when installing these barriers. Their attention to detail caught several areas that we had not seen, and they self-initiated solving those concerns in providing our department with full coverage.

We recognize that the goods and services provided went well beyond the project estimate. This gift of protection covers us from every considered angle above and beyond what we could have expected.

Thank you for your product, your professional team, and the gift of security to our team as they enter and work in the Boulder Police Department.

Sincerely,

Maris Herold
Chief, City of Boulder Police

Greg Lefebvre
Commander, City of Boulder Police

SECTION 2: TECHNICAL INFORMATION

Proposed Products

SL 15-mil Security Laminate

15-mil protection uses technology that can be shot through numerous times and your glass will not collapse, slowing down entry and providing more time for first responders to arrive. SL-15 laminate also has energy-saving properties and provides a number of ancillary benefits to your facility including UV protection and scratch resistance. 99.8% UV protection not only on the material but also on the adhesive of the laminate. This prevents the laminate from turning yellow or delaminating like most security films.

Please view the comparison video of CA 15-mil vs the industry common films

<https://youtu.be/d2kbDUYEeFg>. The strength is far superior to the competition and has stood against actual burglars and he is the video to prove it. Not a demonstration in a controlled environment but actual CCTV footage provided by one of our clients <https://youtu.be/d2kbDUYEeFg>. A proven system that is stronger than all others in its class, with a LIFETIME WARRANTY.

Please review the specification sheet on the following page.

SL-15

RESISTANT TO FORCED ENTRY, SHOOTER ENTRY
AND SMASH-AND-GRABS

Our second-generation SL-15 glass laminate protects against burglaries, smash-and-grabs, forced entry attempts, and other active threats like strong winds and bomb blasts.

This 15-mil protection uses technology that can be shot through numerous times and your glass will not collapse, slowing down entry and providing more time for first responders to arrive. SL-15 laminate also has energy-saving properties and provides a number of ancillary benefits to your facility including UV protection and scratch resistance.

A PATENT-HOLDING AND PROVEN SECURITY SOLUTION

TECHNICAL DATA

Break Strength:	420 psi
Thickness:	15 mil
Color:	Optically Clear
Tensile Strength:	28,500 psi
Peel Strength:	8 psi
Total Solar Energy Rejected:	18%
Visible Light Transmitted:	87%
UV Rejection:	99%

CERTIFICATIONS AND TESTING

- **ANSI Z97.1** - Safety Glazing Materials Used in Buildings
- **ASTM E84** - Standard Test Method for Surface Burning Characteristics of Building Material
- **BMAG Level 1** - Blast Mitigation
- **CPSC 16 CFR** - Architectural Glazing
- **Hospital Safety Compliance**
- **Impact** - EM356P4A
- **ULC S332-93** - Canadian-Burglar Resistant

CHEMICAL RESISTANCE

Acetone	Hydrogen Peroxide	Sodium Hydroxide
Chlorine Bleach	Mercurchrome	Sulfuric Acid
Ethanol	Methyl Benzene	

PRODUCT APPLICATIONS

Protect your facility from **smash-and-grabs, burglaries, bomb blasts, shooters and other assailants, and high winds.**

LIMITED LIFETIME WARRANTY

Clear-Armor, LLC warranty includes a Limited Lifetime Warranty on the materials, installation and workmanship as long as they are properly maintained.

Bullet Resistant laminate

The Clear-Armor One-way ballistic laminate (BR) meets **Level-1 bullet protection**. Link to video https://youtu.be/lucZFMrRyfc?si=4hkm_nzc4ou2BF6v. The specification sheets are shown on the following pages. This laminate can reach Level II protection. The primary caliber used today is the 9-mm which our laminate is designed to stop. Not only that but as a one-way laminate. We stop the rounds from entering the business. While at the same time allowing for your security team to return fire from the inside. **As tested by the United States Secret Service**. The laminate is installed on our existing window and has the following benefits.

- 1) No construction is required (no permits are required)
- 2) Buildings will not have to be shut down at any time
- 3) Can be installed with minimal disruptions
- 4) No chemicals or dust are created when installed
- 5) The crews will work second or third shift if necessary
- 6) Minimal in price compare to traditional armoring systems
- 7) The material is patented and proven
- 8) It is optically clear. It provides the protection without knowing it has been applied
- 9) Does not alter the aesthetics of your building
- 10) **LIFETIME WARRANTY** one time purchase for the life of your building

***Transparency is one of our core values. Please reach out and schedule a live demonstration to view for yourselves what this product can do.**

Please review the specification sheet and testing on the next page. The full report is available upon request.

BR ONE-WAY BULLET RESISTANT

YOUR GLASS BECOMES YOUR SHIELD

Our BR (bullet-resistant) laminate offers the highest threat-level protection. It can stop the most common handgun rounds and double 00 buckshot from penetrating your glass while allowing defensive shots to go through. This unique world-patented one-way laminate provides superior security, energy-savings and other ancillary benefits, including UV protection and scratch resistance.

TEST REPORT FOR CLEAR ARMOR

Report No.: N2350.01-119-12 R0

Date: 02/25/22

REPORT ISSUED TO

CLEAR ARMOR

32991 North Thorn Apple
Grayslake, Illinois 60046

SECTION 1

SCOPE

Intertek Building & Construction (B&C) was contracted by Clear Armor, Grayslake, Illinois to perform ballistics resistance testing in accordance with NIJ Standard 0108.01, Type II-A on a laminated glazing composition. Results obtained are tested values and were secured by using the designated test method. Testing was conducted at the Intertek B&C test facility in York, Pennsylvania. Intertek B&C in York, Pennsylvania has demonstrated compliance with ISO/IEC International Standard 17025 and is consequently accredited as a Testing Laboratory (TL-144) by International Accreditation Service, Inc. (IAS). Intertek B&C is accredited to perform all testing reported herein.

This report does not constitute certification of this product nor an opinion or endorsement by this laboratory.

SECTION 2

SUMMARY OF TEST RESULTS

Product Type: Laminated Glazing

TITLE	TEST SPECIMEN NO. 1
Ballistic Resistance Type	NIJ Standard 0108.01 - Type II-A / 9mm
Ballistic Resistance Test Result	Pass

Warranty

As manufacturers, patent holders, and installers we are able to maintain an extremely level of standard. We do not buy other people products. This is why we are able to offer something nobody does in the industry. We provide a LIMITED LIFETIME WARRANTY. Please review the warranty below.

CLEAR-ARMOR LIMITED LIFETIME WARRANTY

Clear-Armor, LLC provides a Limited Lifetime Warranty covering materials, installation, and workmanship, provided the product is properly maintained in accordance with the care and cleaning instructions supplied.

Under this warranty, Clear-Armor will, at its discretion, repair or replace any laminate proven to be defective or compromised due to manufacturing or installation issues, as well as any laminate compromised by an attempted breach of the product. This warranty does not cover damage resulting from misuse, abuse, neglect, deliberate defacement, improper maintenance, or external causes such as glass breakage.

To maintain warranty coverage, clients must follow Clear-Armor's recommended cleaning solutions and procedures. Clear-Armor assumes no liability for scratches or damage caused by improper treatment.

As designed, when properly installed by certified Clear-Armor technicians, our patented and proven safety and security laminates reduce the risk of injury from broken glass as well as delaying, discouraging and preventing forced entry. Please note, our safety and security laminates do not guarantee injury prevention or absolute protection against entry.

Clear-Armor, LLC is not responsible for any unauthorized statements, claims, or representations made by sales personnel or third parties. This warranty is provided in lieu of all other warranties, express or implied, including any implied warranties of merchantability or fitness for a particular purpose.

In no event shall Clear-Armor, LLC be liable for any incidental, consequential, or indirect damages, except as expressly stated herein.

THIS WARRANTY GRANTS SPECIFIC LEGAL RIGHTS; ADDITIONAL RIGHTS MAY VARY BY JURISDICTION. SOME JURISDICTIONS DO NOT ALLOW LIMITATIONS ON IMPLIED WARRANTIES OR THE EXCLUSION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, AND THEREFORE THESE LIMITATIONS MAY NOT APPLY.

A PATENT-HOLDING AND PROVEN SECURITY SOLUTION

Bonus Training

As our dedication to your safety. We believe that hardening your glass is not enough, we also need to harden your people. That is why we provide complimentary with the purchase of 2500 Sq FT our crisis management training. It really takes a village to create and maintain an environment of safety.

Crisis Management Training (Bonus)

Mario 'Doc' Martin, Vice President at Clear-Armor, specializes in security risk management, offering expertise in risk management training and comprehensive security and risk management programs. As a retired Navy Seal Senior Chief Corpsman and Combat Support Operator with extensive combat leadership experience, Mario brings a wealth of knowledge to instruct individuals and organizations on preventing, surviving, and addressing mass casualty events. His military background and real-world insights make him a key asset in developing and delivering impactful training programs at Clear-Armor. He is a STOP THE BLEED® instructor, Tactical Emergency Casualty Care instructor, and EMT certified instructor.

At Clear-Armor, our hyper realistic critical incident training is what makes us unique. Our training provides immersive, life-like scenarios that simulate a critical incident, natural disaster, or mass shooting. This allows participants to develop the necessary skills, knowledge, and confidence to handle these real-world incidents. Our practical exercises and theoretical knowledge ensure participants are equipped to respond quickly, mitigate harm, and save lives.

Clear-Armor instructors are certified to teach the STOP THE BLEED® program and have the necessary real-world experience and skillset to effectively teach techniques and protocols when responding to life-threatening emergencies. Our instructors incorporate hands-on training, practice how to stop and stabilize an individual who is bleeding, and offer guidance and feedback. At the end of the training, participants will receive a STOP THE BLEED® certificate of completion. Candidates for the STOP THE BLEED® program include business owners and their employees, school administrators and staff, healthcare workers, and religious institutions.

Fear can easily overtake our minds during an emergency, which can lead to dangerous consequences. Clear-Armor helps individuals cultivate a survivor mentality, mastering situational awareness to quickly identify and address potential risks. Our staff guides individuals in developing strategies to navigate stressful situations, promoting heightened awareness to better evaluate complex information and prioritize crucial steps during emergencies.

Section 3: SAFETY & COMPLIANCE

All of our team members are **OSHA certified, background checked**, trained, and have hundreds of hours of experience in professional installation of security and bullet resistant laminate for Clear-Armor clients. These include multiple locations for schools, government buildings, homes, and law enforcement facilities. The crews are professional and dedicated and will get the job completed on time and with accuracy. The team is trained on Clear-Armor's patented process of installation. This has enabled them

to provide the best procedures for difficult installations based on locations, available space, weather conditions and availability.

Our teams will comply to all district security protocols and adhere to all federal, state, and local regulation. Our priority is the safety of you, and our workers. All background checks will be accomplished in accordance with Bibb County and state laws. Professionalism is strictly enforced and all that comes with it. To insure of that, our standard operating procedure were written and followed the same.

Section 4: PRICING

The total pricing for the School District is \$1,234,288.00. The price is the total turn key price for the project. It includes laminate plus structural attachment system and labor. We do not charge for wastage like other companies; a cut sheet will be provided to you. You only pay for what is installed, that is how we give allowance for discrepancies during verification. This price will hold firm for the duration of the contract and beyond. If you choose to work with us every year the price will not change. We understand that budgeting has to be completed. That is how we make it easier for you. The price break down can be viewed in the chart below.

	Total SQ FT	Total Price
Security Laminate	12,733	\$331,058.00
Bullet resistant Laminate	4,406	\$903,230.00
Total Project Cost		\$1,234,288.00

Section 5: SCHEDULE AND CAPACITY

The project can be scheduled and started after bid being awarded. Total project time would be approximately 8-9 weeks. Since there is no construction or permits required for this bid. The project would be accomplished in two phases.

Part1:

Phase one (BR Laminate) – The BR laminate requires multiple days of installation per window. Multiple layers are installed on the window. Due to our patented installation procedure. We can only apply two layers of laminate per day. This gives it the require time to dry and meet the high level of clarity.

Phase two (Security Lamiante) – Each team can install approximately 500 Sq FT per day on an average. It can be more or less dependent on the conditions.

Part 2:

The anchoring system is then applied to complete the job. We have worked with the Federal bomb squad to create a formula for egress through the windows. When caulking the glass, it is common practice to caulk all the way around. This is very bad because egress is denied in case of floods, fire, or any other natural disaster. With our patented method we create sections in the glass to equalize the pressure on both sides of the glass. What this creates is the following. Your patrons can make exit through the glass if needed. Second, in case of a bomb blast we have 99.8% chance to keep the glass in the frame. What usually happens is when a blast hits the glass it projects it into the building. This is what hurts and even kills people on the inside of the building.

There will be two teams assigned to the project. They will split the installation process down to geographical location. This will minimize the travel time, therefore reducing the time of the project. Once the verification measurements are taken a more precise schedule will be created and updates will be provided to the POC. All work will be completed to include quality assessment prior to the June 29th, 2026 dead line.

**Time frames may shift left or right dependent in weather or any other factors discovered as project proceeds. Not all glass is the same there are many different qualities that can be installed in the same building.

Section 6: BID FORM & SUPPORTING DOCUMENTS

Bid Table

Requested Services	Total Amount of Bid
Installation of bullet resistant and security film district wide	\$1,234,288.00

ATTACHMENT A
Certification Letter

(Form must be completed and returned with bid.)

I certify that I have read and understand the terms and conditions herein. I further state that I am and/or my company is capable, able to, and will provide the requested product(s) and/or service(s) described herein. I am the owner or agent of the company stated below and am authorized and empowered to contract. By my signature on this RFQ, I/we guarantee and certify that all items included in my bid meet or exceed specifications.

I certify that this bid is made without prior understanding, agreement, or connection with any corporation, firm or person submitting a bid for the same materials, supplies, equipment, or services and is in all respects fair and without collusion or fraud. I understand collusive bidding is a violation of State and Federal Law and can result in fines, prison sentences, and civil damage awards. I agree to abide by all conditions of this RFQ and certify that I am authorized to sign this bid for the Contractor.

Contractor Affidavit under O.C.G.A. § 13-10-91(b)(1)

The undersigned contractor ("Contractor") executes this Affidavit to comply with O.C.G.A. § 13-10-91 related to each, every, and any contract to which Contractor is a party with **Bibb County School District** that is subject to O.C.G.A. § 13-10-91 and hereby verifies its compliance with O.C.G.A. § 13-10-91, attesting as follows:

- a) The Contractor has registered with, is authorized to use, and uses the federal work authorization program commonly known as E-Verify, or any subsequent replacement program;
- b) The Contractor will continue to use the federal work authorization program throughout the contract period, including any renewal or extension thereof;
- c) The Contractor will notify **Bibb County School District** in the event the Contractor ceases to utilize the federal work authorization program during the contract period, including renewals or extensions thereof;
- d) The Contractor understands that ceasing to utilize the federal work authorization program constitutes a material breach of Contractor's contract with **Bibb County School District**;
- e) The Contractor will subcontract for the performance of services in satisfaction of such contract only with subcontractors who complete, sign, notarize, and provide the Subcontractor Affidavit to the Contractor with the information required by O.C.G.A. § 13-10-91(a), (b), and (c) prior to beginning the performance of services;
- f) The Contractor acknowledges and agrees that this Affidavit shall be incorporated into each, every, and any contract(s) with **Bibb County School District** subject to the provisions of O.C.G.A. § 13-10-91 to which Contractor is a party after the date hereof without further action or consent by Contractor; and
- g) Contractor acknowledges its responsibility to submit copies of any affidavits, drivers' licenses, and identification cards required pursuant to O.C.G.A. § 13-10-91 to **Bibb County School District** within five business days of receipt.

Attachment F
CERTIFICATE OF NON-COLLUSION

By responding to this solicitation, the supplier understands and agrees to the following:

That the submitted response constitutes an offer, which when accepted in writing by the State Entity, and subject to the terms and conditions of such acceptance, will constitute a valid and binding contract between the undersigned and the State Entity; and

That the supplier has read the specifications and requirements shown or referenced in the solicitation and that the supplier's response is made in accordance with the provisions of such specifications and requirements except as expressly stated otherwise in the supplier's response; and

That the supplier guarantees and certifies that all items included in the supplier's response meet or exceed any and all such stated specifications and requirements of the solicitation except as expressly stated otherwise in the supplier's response; and

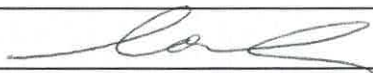

That, if awarded a contract, the supplier will deliver goods and/or services that meet or exceed the specifications and requirements of the solicitation except as expressly stated otherwise in the supplier's response; and

That the response submitted by the supplier shall be valid and held open for a period of **one hundred and twenty (120) days (or such other time period as identified in the solicitation)** from the final solicitation closing date and that the response may be held open for an additional period of time subject to the supplier's consent; and

That the supplier's response is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a response for the same materials, supplies, equipment, or services and is in all respects fair and without collusion or fraud. The supplier understands and agrees that collusive bidding is a violation of state and federal law and can result in fines, prison sentences, and civil damage awards; and

That the provisions of the Official Code of Georgia Annotated, Sections 45-10-20 et seq. have not been violated and will not be violated in any respect.

DO NOT MODIFY THE BID/PROPOSAL CERTIFICATION TERMS IN ANY WAY. THIS FORM MUST BE COMPLETED, SIGNED AND SUBMITTED WITH YOUR RESPONSE.
