With its pivoted, ultra-thin design, the Orbit CornerTable reaches new heights in practical, modern business style. Three tables for the price of one that at a single unit will keep 3 and scale up for meeting and seminars. Transform into hotel seating for additional use. Link units together for cafeteria seating. Maximize the use of your space with the Orbit line from [2.com](http://www.2.com).

The large table set is also for schools, churches, civic, community centers, or any other facility that has small groups of people. It can be instantly transformed from a single space into tables with bench seating, to bench sets for auditorium-style seating, or to round seating, made in which two units are linked together.

- | | |
|--------------------------------------|--|
| 1 High-Pressure Laminate Surface | 6 Powder Coat Leg Finish |
| 2 S202 Acacia Edge | 7 Oval Tube Corner Braces |
| 3 Solid M21 Core | 8 Area off-Locate Rule |
| 4 Rigid High Performance Poly Backer | 9 2" (1/2 Inch) Diameter Thread Guard Corner |
| 5 Neoprene Leg Caps | |

Maximize Storage

Each 30 x 1 GroupTable can hold everything you'll need to store and fold into a compact footprint for convenient storage that optimizes your inventory space.
