Aug 28, 2025	Renewal	Second Step SEL Program	≤ \$275,372

The DeKalb County School District utilized the Second Step Social-Emotional Learning Curriculum to deliver social-emotional learning (SEL) lessons that support a positive school climate and strengthen students' social-emotional skills. Through this curriculum, students learned to understand and manage their emotions, build healthy relationships, and make responsible decisions—equipping them to successfully navigate their feelings, interactions, and roles as productive members of the school community and society.
