Physical Inventory Statement of Work (see attached document for complete SOW)

- District-wide physical inventory of all Nutrition department assets
- **Reporting Criteria:** All Nutrition assets with a unit cost of \$1,000 and above.
- A photo of each asset will be taken and added to each asset file
- For assets that do not have an asset tag applied, a new barcode sticker will be applied and relevant asset information recorded.
- For assets with a non-barcoded asset tag, a new barcoded asset tag will be applied
- An electronic file with inventory results reconciled against any starting asset records will be provided.
- a written analysis of the entire inventory process and results will be provided.

Software Implementation and Setup

- During initial account setup and implementation Divot Assets will pre-load all District fixed assets from existing file. Additional information that will be pre-loaded where available in to your account in advance: Sites, Locations/Rooms, Manufacturers, Models, Asset Categories, Manufacturers, Models, Funding Sources, and Users.

Software Training

- Divot Assets will host remote training sessions as necessary for District users of the software. Trainings will be grouped by roles/permissions.
