Scope

Agreement - Georgia Power Company's Master Services Agreement for Energy-Related Equipment Sale and Installation - Electric Vehicle Charging Stations – Former A & B North Decatur Site.

Additional information may be found in the following documents:

- Master Services Agreement - Energy -Related Equipment Sale
- Agreement - DeKalb County School District

Purpose:

On January 15, 2025, the DeKalb Board of Education approved the purchase of (25) electric school buses from **Yancey Bus Sales and Service** through the Georgia Statewide Contract (SWC) #99999-SPD- SWL20200630-0001 for **\$9,375,000.00**.

This purchase aligns with DeKalb County School District's (DCSD) commitment to environmental sustainability, operational efficiency, and student health by reducing emissions and improving air quality in and around our schools

The EV Charging Station at the Former A&B North Decatur site has been identified as a feasible initial deployment location. Leveraging turnkey design-build capabilities in partnership with Georgia Power. Using this site will provide relief for the construction team who are in the design phase of the Hooper Alexander and East Campus sites.

This project also supports the District's phased approach to electric vehicle fleet transition, with charging infrastructure currently under development at East DeKalb Campus and the former Hooper Alexander Elementary School—the two designated EV bus maintenance and charging hubs.
