Summary

This memorandum requests approval for NextGen Security to implement a VuWall Management System for enhanced security solutions in the Campus Police Security Operations Center.

Background

As part of the 2021 ESPLOST initiative, the Board approved Districtwide upgrades to security camera and intrusion systems, modernizing safety infrastructure and protection for students, staff, and assets.

The Capital Programs and Campus Police departments performed in-depth security assessments of the Campus Police Security Operations Center and have determined that the system needs to be upgraded to operate efficiently and integrate with our updated security camera systems.

Recommendation

It is recommended that the Bibb County Board of Education approves and authorizes the Superintendent to issue a purchase order to Nextgen Security, Kennesaw, Georgia, in the amount of $774,446.00 for a VuWall Management System. This project will be funded with 2021 ESPLOST, utilizing GA DOAS – SPD0000172.
