

Dr. Dan A. Sims, Superintendent

ACTION MEMORANDUM

To: Board of Public Education for Bibb County (“Board”)
Dr. Dan A. Sims, Superintendent

From: Kevin Adams, Chief Information Officer
Joshua Money Penny, Director of Technology

Subject: Lightspeed Renewal – FY27

Summary

The Office of Technology Services is seeking Board approval to issue a purchase order to CDW for renewal of our Lightspeed products.

Background

The Children's Internet Protection Act (CIPA) requires school districts to filter content to provide protection for our students. We have utilized Lightspeed Filter as our content filter for many years. In FY25, we transitioned our alert system over to Lightspeed Alert. Lightspeed Alert informs the District of concerning online behavior of students. Lightspeed Classroom allows teachers to observe student online behavior while in class and limit access as needed for instructional purposes. Finally, Lightspeed Insight provides the District data on what digital resources are being utilized by all stakeholders to ensure alignment with procured tools. This will be the first of four renewals based on agreed upon pricing in 2025. The quoted pricing is procured using Sourcewell contract #121923.

Recommendation

It is recommended that the Bibb County Board of Education authorizes the purchase order to CDW for Lightspeed products in an amount not to exceed \$189,960.00. The funding source is FY27 General Funds.
