BIBB COUNTY SCHOOL DISTRICT

Bibb County School District Nutrition Department

EMPOWERED TO LEARN, LEAD, INNOVATE, AND SERVE

SCHOOL DISTRICT PIGGYBACKING PARTICIPATION AGREEMENT

IFB /RFP FOR (Bid type): Milk and Dairy IFB/RFP #: 24-009

SCHOOL YEAR: 2026-2027

Contracted parties considering additional parties must include a provision allowing "piggybacking" in their contracts in order to avoid creating a material change. If such a provision is not included in the contract and a material change is determined, a new competitive procurement is required. For a contract containing such provisions, language should be included specifying applicable limitations of the extension (e.g., dollar value or the number of additional parties that may be added).

The ***Office of State Schools*** agrees to this piggybacking provision to enter into a contract with **Thomaston Milk Company** for the purchase of the items described herein in this bid document based on the same terms, conditions, prices, and products offered by the successful vendor to the **Bibb County School District Nutrition Department**.

Minor changes in delivery terms and conditions, number of schools and delivery frequencies may be discussed by participating SFA for up to 30 days following the award of this contract. The following SFA **may participate** in the final contract.
