COOPER GLOBAL

Chauffeured Transportation™

FOUNDING *a family* LEGACY

As they continue to safely move people around the globe in our 19th year, Cooper Global reflects on its founding.

In 2005, a vision took shape that would not only change the landscape of the transportation industry but also lay the groundwork for a family legacy. Dennis Cooper, a seasoned entrepreneur with a successful track record, founded Cooper Global Chauffeured Transportation in Atlanta, Georgia. Today, as the company approaches its 19th anniversary, it stands as a testament to Dennis's foresight, dedication, and the values that he instilled in the organization.

Dennis Cooper's journey began far from the wheels of a chauffeur service. As the chairman of RTM, the world's largest Arby's franchise holder, he oversaw over 1,000 restaurants.

It was during these formative years that Dennis learned the paramount importance of customer service. With 40 years of experience in managing, operating, and acquiring businesses under his belt, he ventured into a new realm, driven by the desire to create a service-oriented enterprise that prioritizes quality and reliability.

Starting with just eight vehicles, Dennis's vision quickly gained momentum. Under his leadership, Cooper Global has evolved into the largest chauffeured transportation provider in Georgia and one of the leading firms in the Southeastern United States. The company now boasts a vast fleet and a global partner network that spans over 650 destinations across six continents.

From its inception, Cooper Global has not only focused on business growth but also on making a positive impact within the community. Dennis has actively participated in several chambers of commerce and has generously supported numerous charitable organizations, including Big Brothers & Big Sisters of Atlanta, Bert's Big Adventure, The Atlanta Ballet, The Shepherd Center, and Kennesaw State University. This commitment to giving back has woven Cooper Global into the very fabric of Atlanta, illustrating the company's dedication to being more than just a transportation service.

Paul Cooper, Dennis's son, adds another layer to the family legacy. After graduating from Georgia State University in 1991, Paul began his career as a Territory Sales Manager with Coca-Cola USA, where he honed his understanding of customer service while selling Coca-Cola products through the Integrated Business System. However, his entrepreneurial spirit led him to leave the corporate world and establish Marketing Event Partners (MVP). Through MVP, he focused on raising funds for non-profit organizations, leveraging the popularity of golf for charitable events. Notably, he managed the successful "Arby's Charity Tour" from 1996 to 2005, raising over \$30 million for children in need. Known for his conscientious nature and commitment to employee welfare, he continues the family's generational legacy of charitable work.

As Cooper Global celebrates its success, it also honors the familial ties that have helped shape its identity. Paul's involvement in the company symbolizes the continuation of a family legacy built on hard work, integrity, and community engagement. Together, they represent a dynamic duo committed to excellence, fostering a culture that prioritizes not just service but also the well-being of employees and clients alike.

Looking ahead, Cooper Global Chauffeured Transportation continues to innovate and adapt to the evolving needs of its clients. By embracing the latest industry software and expanding its fleet to include Activity Buses, the company remains responsive to local schools and camps, ensuring that community needs are met. As they enter their 19th year, the company reflects on its journey with pride, fueled by the loyalty of their clients and the dedication of their exceptional staff—the true "Best in Business."

Dennis Cooper often credits the success of Cooper Global to its wonderful clients and global partners. This collaborative spirit, combined with a strong family foundation, positions Cooper Global for continued growth and success in the years to come.

As we celebrate Dennis Cooper's visionary leadership and the enduring legacy he shares with his son Paul, we look forward to witnessing the continued impact of Cooper Global on both the transportation industry and the communities it serves. Here's to many more years of excellence, innovation, and service!

SAFETY & TECHNOLOGY

Arriving safely at every destination
should be standard in travel -
with Cooper Global, it is.

Cooper Global Coordinates
Police Escort for Large Event Transportation

Cooper Global Chauffeured Transportation is the industry leader in vehicle and driver safety. They believe that arriving safely to each and every destination should be standard with travel, so they make sure it is!

Cooper Global utilizes top-notch technology to ensure both driver and client safety, so you have peace of mind with every trip. Using secure AI accuracy & 360-degree visibility, they ensure drivers are operating safely and eliminate blind-spots. Their advanced safety system detects unsafe driving behaviors 3-4 times more accurately than other systems.

Cooper Global Chauffeured Transportation's safety system provides immediate feedback to drivers through audio and visual alerts, ensuring that genuine safety events are flagged for manager review. With its precise in-cab coaching, it helps correct behaviors swiftly and effectively. The system's cutting-edge hardware can detect over 15 different behaviors, making it one of the most comprehensive safety solutions available.

Equipped with complete 360° visibility around every vehicle, Cooper Global eliminates blind spots and provide a comprehensive view of vehicles, interiors, and surroundings. The safety system ensures the company always has the full picture through **live video streaming**, video recall, and engine-off recording. AI-enabled side, rear, and cargo monitoring help detect potential risks, while ultrawide HD video provides the highest-quality footage.

Additionally, real-time backup assist is designed to prevent accidents, enhancing overall safety and confidence on the road. Cooper Global is able to coach their drivers effectively with a virtual tool, featuring custom workflows and safety scores. They automatically identify drivers and behaviors that need attention, providing an accurate measurement of driver risk to prevent issues while rewarding exceptional drivers for safe driving.

Cooper Global Chauffeured Transportation places the utmost importance on safety. This unwavering commitment to safety is reinforced by a zero-tolerance policy for any action that diminishes safety standards. Every employee, from management to chauffeurs, is required to uphold strict safety policies that prioritize the well-being of both employees and clients. Chauffeurs are extensively trained in understanding vehicle safety features, such as emergency exits, fire extinguishers, and seatbelt cutters, ensuring they can respond effectively to any potential hazards.

Additionally, drivers are required to inspect their vehicles regularly and report any safety concerns to dispatch immediately. In case of emergencies, chauffeurs are trained to act swiftly to evacuate passengers and prevent further risks.

Cooper Global has also invested in the Smith System, an advanced driver training program designed to promote "Space Cushion" driving, which enhances safety on the road. Used by the majority of Fortune 500 companies, this system has proven to reduce accidents and improve driver awareness, making it an integral part of Cooper Global's safety culture. Their comprehensive safety policies extend beyond driving, ensuring that all incidents, hazards, and injuries are reported promptly, aligning with federal OSHA and Workers' Compensation laws. This dedication to safety underscores the company's commitment to providing a secure and comfortable experience for every client.

The Safety Success Rating reflects the company's performance in areas like vehicle maintenance, driver qualifications, accident history, and adherence to safety protocols. A higher safety rating indicates that the company consistently meets or exceeds safety standards, ensuring the well-being of passengers and cargo. Cooper Global Chauffeured Transportation proudly boasts a **99.01% Safety Success rating for 2024**.

- The Safety Score includes unsafe driving behaviors captured by the dashcam, speeding, and harsh driving.
- Personalized scores for each driver is available after 100 miles of driving data is accrued.
- Drivers are scored based on the number of safety events generated per 1,000 miles driven. Fewer events result in a higher score, with a maximum score of 100%.
- Driver scores are compiled with maintenance and adherence to safety protocols to calculate the company's overall Safety Score, with a maximum score of 100%.
