- Exact Path
- Study Island
- EdOptions Academy
- Edmentum Instructional Services
- Edmentum Targeted Skills Instruction
- Courseware Elementary

- Apex Learning Virtual School (ALVS)

Furthermore, Edmentum is the sole source provider of the **MajorClarity by Edmentum** solution. Only Edmentum is authorized to grant access to MajorClarity by Edmentum in its current branded and supported form.

Lastly, Edmentum offers certain Edmentum-branded packaged solutions that incorporate third-party components through education partnerships, including **offerings powered by Interplay**. Edmentum is the only provider authorized to offer these integrated solutions in their Edmentum-branded form and is the contracting entity and provider of record.

Edmentum offers these solutions directly to educational organizations and is the exclusive source for access to the listed digital curriculum and services, with limited exceptions. No other company can rightfully claim to offer Edmentum's programming and partnership solutions within the United States.

We are happy to sign a notice of intent to sole source if required by local, state, and federal law.

Respectfully,

Jamie Candee
