BIBB COUNTY SCHOOL DISTRICT

Dr. Dan A. Sims, Superintendent

ACTION MEMORANDUM

To: Board of Public Education for Bibb County ("Board")
Dr. Dan A. Sims, Superintendent

From: Kevin Adams, Chief Information Officer
Joshua Moneypenny, Director of Technology Operations
Dr. Elaine Wilson, Procurement Director

Subject: Interactive Flat Panel Refresh – Phase 2

Summary

The Office of Technology Services is seeking Board approval to complete refreshing interactive flat panels throughout the District. This project will be completed in multiple phases with the second (of 2) phase targeting secondary schools and other locations. This request is based on RFP 25-015 and will be financed utilizing 2026 ESPLOST.

Background

Interactive panels are utilized in each classroom as the primary tool for daily instruction. While traditional whiteboards are still available in most classrooms, direct and interactive instruction are facilitated through these touch screen computers.

Most panels in the District were purchased in 2016 and are due to be replaced. While most were purchased around the same time, we are looking to replace them in phases. The Bibb County School District issued an RFP requesting bids for interactive flat panels. The bid closed on December 9, 2024. There were 7 respondents. The bid was evaluated by several individuals within the Bibb County School District and after careful review, AiOS Group was awarded the successful bid.

The Board approved Phase 1 for our elementary schools in December of 2024 with panels installed Spring/Summer 2025.

ACTION MEMORANDUM

Recommendation

It is recommended that the Bibb County Board of Education authorizes the purchase order to AiOS Group for SMART interactive flat panels in the amount not to exceed $2,500,000.00. The funding source is 2026 ESPLOST.
