2020—2021 School Accountability Report Card
Reported Using Data from the 2020—2021 School Year
California Department of Education

Address:	2480 Sebastopol Rd. Santa Rosa, CA , 95407-6728	Principal:	Karolina Gage, Principal
Phone:	(707) 890-3890	Grade Span:	K-8

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

About This School

About Our School

It is an exciting time to be the Principal at Cesar Chavez Language Academy! It has been a lifelong dream of mine to be part of a new Two Way Bilingual Immersion Program! We hope you can come visit our special school, where we believe that every child can become bilingual, biliterate, and bicultural! I have taught in Dual Immersion programs and have also been an Assistant Principal in a Two Way Immersion school. I mastered Spanish with an immersion experience. I have lived in Mexico several times during my life, studying at UNAM, working in orphanages in Oaxaca and Mexico City, as well as teaching in Monterrey. My children also attend a Dual Immersion program. I truly believe in the mission of Two Way Bilingual Immersion. It is an amazing gift to give your child the opportunity to become Bilingual, Biliterate, and Bicultural! I have very high standards for our school, and look at it through the lens of wanting the best for all children, as I would my own. We are a TK-8th grade Two Way Bilingual Immersion (TWBI) School using the researched based 90/10 immersion model.

Currently, we are enrolled through fifth grade but plan on adding a grade every year until we reach the 8th grade.

Our Kindergarten students begin the program with 90% of their day in Spanish and 10% in English with a gradual increase of English instruction offered each year. All academic subjects are taught in Spanish (Reading, Writing and Math). In 4th grade, students begin formal literacy instruction in English. We support all students in a rigorous, highly focused educational environment that will prepare them for a future in higher education and a global workforce.

School Description and Mission Statement (School Year 2021—2022)

The mission of the Santa Rosa Two Way Bilingual Immersion (SRTWBI) is to create a family and community centered environment that promotes a rigorous academic environment which creates bilingual, biliterate and multicultural quality education for all students. This environment fosters creative, honest and kind citizens of the community and the world.

The SRTWBI community believes that the best setting for educating linguistic minority pupils, and one of the best for educating any pupil, is a school in which two languages are used without apology, and where becoming proficient in both is considered a significant intellectual and cultural achievement.

School Facility Conditions and Planned Improvements

The district uses the Facilities Inspection Tool (FIT) which was developed by the State of California Office of Public School Construction to evaluate the conditions at each school site with ratings of "good," "fair," or "poor." The FIT also provides an overall summary of the school conditions at each school site on a scale of "exemplary," "good," "fair," or "poor". Detailed information from the FIT is listed in Section IV of the complete SARC and is also available at the District Office.

This school was inspected on 12/30/21 and had an overall rating of "good".

The school is maintained in good repair with a number of non-critical deficiencies noted. These deficiencies are isolated, and/or resulting from minor wear and tear, and/or in the process of being mitigated.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **SARC Reporting in the 2020–2021 School Year Only**

Where the most viable option, LEAs were required to administer the statewide summative assessments for ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

 - Aligned with CA CCSS for ELA and mathematics;
 - Available to students in grades 3 through 8, and grade 11; and
 - Uniformly administered across a grade, grade span, school, or district to all eligible students.
 - **Options:** Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:
 - Smarter Balanced ELA and mathematics summative assessments;
 - Other assessments meeting the SBE criteria; or
 - Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.
 - **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2021-2022)

This charter recognizes that students and schools are more successful when parents, staff, students, and the community work together to support and foster learning for all. Therefore; at the Charter School, the education of each child is a joint venture between the parent, student, community and school. To support this goal:

1. Parents/guardians, staff, and community partners are elected to serve on the Bilingual Advisory Board (BAB) (See Element D Below).
2. Parents and guardians who enroll their children in the school accept their responsibility for their children's education. Therefore, they will agree to:
 - Discuss regularly with their child the importance of education and school.
 - Keep in regular contact with their child's teacher(s) regarding student progress.
 - Attend mandatory school sponsored parent meetings regarding the school's program.
 - Consistently support their child in completion of school work and preparation for assessments.
3. Parents and guardians are encouraged to participate in the life of the school. Volunteer hours are flexible and varied so as not to create barriers for a diverse student population. Varied service opportunities may include such things as classroom assistance, field trip transportation, fundraising support, BAB work, tutoring, reading with students, and supporting bilingual related activities.
4. Staff provide outreach to students and their parents to create two-way communication and participation, efforts that will be overseen by the program coordinator. Ways to meet this goal may include:
 - Parent Education and Information Nights
 - Language Nights
 - Family/School/Community Nights
 - Regular phone calls home and e-mail messages to share student performance
 - Explanations of rubrics and other feedback tools and written feedback home regarding assessment, both formative and summative
 - Parent-teacher conferences

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates
- Chronic Absenteeism

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

Expulsions	0.00%	0.00%	0.00%	0.00%	0.08%	0.00%

Note: Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-2020	District 2019-2020	State 2019-2020
Suspensions	2.10%	2.00%	2.45%
Expulsions	0.00%	0.00%	0.05%

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

School Safety Plan (School Year 2021-2022)

Student safety is paramount at Comstock Middle School where the CCLA is located. Attentive student supervision takes place throughout the day, including before and after school. At lunchtime, administrators, a full-time campus supervisor/student advisor, and teachers monitor students. Every year our safety committee revises the school plan, which the School Site Council (SSC) approves. While many other middle schools are quite large, our school is small, which contributes to a sense of belonging for students and a positive learning environment in which each child is known and respected as an individual.

From the first day of school, we instruct students in the importance of safety, respect, and responsibility. Lessons provided through a daily advisory class help students understand how these values provide the foundation for all school rules. We focus on, encourage, and celebrate positive behaviors. Positive consequences are emphasized over negative ones, and our students learn that they are responsible for making the right choice for themselves and others.

Further, each month an emergency preparedness drill is conducted on campus: fire, earthquake and lock-down drills are reviewed, practiced and modified to be more effective.

Our staff safety committee works to update equipment and protocols to ensure the safest campus possible. A full-scale emergency operations plan is in effect and can be reviewed upon request.

Addendum

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC Web Application as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC Web Application. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.

*At or above the grade-level standard in the context of the local assessment administered.

Note: LEAs/schools will populate this table for schools in cases where the school administered a local assessment.

Note: LEAs/schools will populate double dashes (--) in this table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: In cases where all the schools in this LEA administered only the CAASPP for ELA assessment, LEAs/schools will populate this table with "N/A" values in all cells, meaning this table is Not Applicable for this LEA.
