

# Health Guidance Considerations for COVID-19

1.

## Vaccinations

Recommended range of 70%-90% vaccinated for students and staff

2.

## Positive Cases

Significant declining rate covering 28 days (2 incubation cycles)

3.

## Cases per 100,000

7-day average 10 cases or less per 100,00 in the community

*The following considerations are used for all decisions when discussing necessary health guidelines during in-person instruction. There is no single metric that can be calculated from these three areas that will automatically trigger a change in guidance. All three will be used and given the weight needed based on the circumstances.*

As of December 1, 2021
