

# BENTON PUBLIC SCHOOL

Jennifer Bradley  
Public Relations Coordinator

It's been an amazing fall semester! 🎉 This month, I've had the opportunity to highlight so many incredible things happening across our district. One of the most exciting updates is a new incentive I've introduced for staff to submit content for our social media. I am calling it "Celebrate Our School." My goal is to showcase more campuses, classrooms, clubs, and activities—and to remind our staff that the amazing work they're doing is worth celebrating!

Here's how it works: every month, staff members who submit content to me (whether or not it gets posted) are entered into a drawing to win some awesome Benton swag! 🐾 This initiative has been such a success—I've been able to share so much more, from creative lessons to fun activities, happening all over the district.

In addition, I've been working with our local paper to feature student creativity. After a fun "**How to Cook a Turkey**" piece in November, we're now coordinating **Letters to Santa!** 🧑‍🎄 I'm also partnering with **Your Furniture Connection** for a **Gloves and Socks Drive** to benefit **Bright Futures**, and I can't wait to cover some exciting events this month, like the **ESOL Potluck** at BMS.

It's a great day to be a Benton Panther! 🐾
