## **Senate Bill 187: Comprehensive School Safety Plan Purpose**

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

### **Assessment of school crime committed on school campuses and at school-related functions**

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at WJUSD Superintendent's Office.

### **Safety Plan Vision**

Maintaining a safe environment is critical to success and is everyone's responsibility. This means school and district officials work towards ensuring that grounds and buildings are safe. We believe that our students have a right to learn in a safe environment.

The primary purpose of the safety plan is to help school officials protect the lives and well-being of students and staff through emergency preparedness planning to ensure prompt and appropriate response of trained school personnel when a school crisis occurs. Rational and effective thinking on the part of each staff person is key to that goal. The safety plan is intended to help each site maximize safety by reducing panic and facilitating effective action during the CRITICAL FIRST TEN MINUTES of a crisis.

School officials must recognize that emergencies are fluid events and the emergency procedures outlined may not fit every situation. Administrators and staff must remain flexible and be prepared to promptly adapt their actions as necessary.

The most critical element in any crisis is to STAY CALM since students will mirror the attitude/actions of the adults around them. The ability to manage fear and remain calm in the midst of chaos is the most effective tool for minimizing the impact of any crisis.

## **Components of the Comprehensive School Safety Plan (EC 32281)**

### **Beamer Park Elementary School Safety Committee**

Sergio Ruiz, Marisa Deziderio, Jessica Duarte, Maria Fernandez, James Bard, Teresa Sanchez, Imelda Hernandez, Sandy Ledesma, Imelda Aguiniga and Hortencia Hernandez

### **Assessment of School Safety**

Regular review and assessment of the current safety needs will be conducted regularly. Due to COVID 19, our site has also created additional meetings to secure safety plans were created to address needs based on CDC and Yolo Health Requirements. A parent and student survey (of students in 3rd-6th grades) was also incorporated to seek input from our stakeholders on the safety of our school. We had over 112 parent responses to the Safety Survey. We have also updated our Drill schedule to meet the federal guidelines for Fire Drill, Lock Down Drill and Earthquake drills. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card. As a staff at the beginning of the year completed a self reflection on safety protocols on campus and how we as a staff can maintain the effectiveness of our safety policies. At Back to School Night, our safety protocols were also shared with our families.

### **Summary of Student Input/Participation**

Based on the California Healthy School survey from 2022 (in the Spring) 5th grade students shared how safe they felt on campus. Through a student survey, students in grades 3-6 responded to how safe they felt on campus. In meeting with Student Advisory Council in 2022, students also provided input on how they each felt they could relate to a safe person on campus. Students also identified who they could go to if they needed help or someone to talk to.

### **Strategies and Programs to Provide and Maintain a High Level of Safety (EC 32281(a)1, items A-J)**

Beamer Park Elementary and the Woodland Joint Unified School District are committed to providing a safe environment for students, staff and visitors. Several strategies will be utilized to maintain a high level of school safety. Strategies include, but are not limited to:

- Consultation with local public safety agencies (Woodland Police Department/Woodland Fire Department)
- Consultation with risk management specialists (Cal OSHA)
- Continuing education and training of school staff (ALICE, CPR, Bullying Prevention & Intervention, Restorative Practices)
- Inspections and evaluations of school facilities (Cal-OSHA WJUSD IIPP Evaluation Process/Protocol)
- Evaluation of safety-related policies and procedures
- Annual review and revision of Comprehensive School Safety Plan (Yearly review of plan{activities} done by school site safety/SSC teams)

Such strategies will ensure that a safe and orderly environment, conducive to learning is maintained. Such strategies will also ensure compliance with existing laws related to school safety. This manual outlines several elements critical to maintaining a safe school environment.

### **(A) Child Abuse Reporting Procedures (EC 35294.2 [a] [2]; PC 11166)**

School district employees are mandated reporters and shall make a report whenever, in his/her professional capacity or within the scope of his/her employment, he/she has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. (Penal Code 11166)

Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to Yolo County Child Welfare Services (530) 669-2355 or Woodland Police Department (530) 666-2411. Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to Yolo County Child Welfare Services a written follow-up report, which includes a completed Suspected Child Abuse Report form (SS 8572). (Penal Code 11166, 11168)

For complete policies and procedures see Board Policy and Administrative Regulation BP 5141.4 Child Abuse Reporting Procedures available on the District Website under Board of Education and at: [www.gamutonline.net/district/woodlandjointusd/](http://www.gamutonline.net/district/woodlandjointusd/)

## **(B) Disaster Procedures (EC 35295-35297; GC 8607 and 3100)**

### **Disaster Plan - Classroom Emergency Protocols**

The following BP and ARs give information on our disaster procedures. In addition, each site's crisis team has an Emergency Response binder which contains the comprehensive safety plan as well as our emergency policies and procedures. Each working space that has students or staff has Emergency Classroom Flip Chart which contains lockdown, shelter in place, and evacuation procedures, emergency contact numbers, basic first aid information, class roster, and site evacuation maps. Drills are done with staff and students at least twice a year to practice the emergency procedures.

### **Public Agency Use of School Buildings for Emergency Shelters**

## **(C) School Suspension, Expulsion and Mandatory Expulsion Guidelines**

A student may be suspended or expelled for any of the causes listed in state Education Code 48900 through 48915 and Board Policies. A summary of the causes is listed in AR 5144.1

A student may be suspended or expelled for acts related to school activity or attendance that occur at any time, including, but not limited to (1) while the student is on school grounds; (2) while the student is going to or coming from school; (3) during the lunch period, whether on campus or off campus; or (4) during or while a student is going to or coming from a school-sponsored activity.

Suspension must be preceded by an informal conference with the student, unless the principal or designee believes an emergency exists and orders the student to immediately leave the school because the student's presence is a danger to persons or property, or is a threat to the academic program. In such cases the conference will be held as soon as practical, but within two (2) school days.

At the informal conference, the decision to suspend will be explained by the principal or the principal's designee. The conference will include the following steps: (1) The student will be informed of the reason for the disciplinary action and the evidence against them; (2) The student will be provided an opportunity to present their written and/or verbal statement and evidence in their defense. If the student needs assistance with a written statement, they will be assisted. Those statements will be attached to the school file copy of this form.

If not delivered at the time of the suspension, the Notice of Suspension shall be delivered or mailed to the parent/legal guardian within one (1) school day of the beginning of the suspension. State law (Education Code 48911) makes it the student's and parent/legal guardian's duty to respond to school official's request to attend a conference concerning his/her child's behavior. The conference may be held at the time of suspension or at re-entry.

The parent/legal guardians were given the Woodland Joint Unified School District Standards of Behavior at the start of the school year. Upon request, a school site can supply the parent/guardian/student with another copy of the document as well as any applicable policies or regulations.

Appeal of Suspension: The student/parent(s) may appeal a suspension. Parents shall put their request for appeal in writing, clearly stating the reason for the appeal, which shall be one or both of the following contentions: 1) Procedural due process was not followed or 2) The reason to suspend was not in compliance with District policies and procedures and/or law. Unless there is clear evidence that a procedural or legal violation and/or District procedures were violated, the school administration's decision to suspend will be upheld.

If someone other than the principal has suspended the student, the principal receives the appeal. Upon receipt of the written request, the principal shall delay the implementation of the suspension for one (1) day following the day of the request, if the appeal cannot be considered the day of the request. However, if the principal concludes that the student poses a danger to self or others or is a serious threat of disruption of the educational process, the principal shall not delay for one (1) day the implementation of the suspension. The principal will conduct fact finding in regards to the appeal and render a timely decision. Fact finding will include input from school administration and the person appealing the suspension. The decision of the Principal is final and, thus, ends the appeal process.

If the principal is not available within 24 hours of the request for appeal or if the principal initiated the suspension, the parent should appeal directly to the Executive Director of Student Support or designee. The Executive Director of Student Support or designee will conduct the fact finding in regards to the appeal and render a decision in a timely manner. The decision of the Director or designee is final and, thus, ends the appeal process.

#### **(D) Procedures to Notify Teachers of Student Safety Concerns (EC 49079)**

The Principal or designee shall inform the teacher(s) of each student who has engaged in, or is reasonably suspected of, any act during the previous three school years which could constitute grounds for suspension or expulsion under Education Code 48900, with the exception of the possession or use of tobacco products, or Education Code 48900.2, 48900.3, 48900.4, or 48900.7. This information shall be based upon district records maintained in the ordinary course of business or records received from a law enforcement agency. (Education Code 49079)

Information received by teacher(s) shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher. (Education Code 49079)

When a minor student has been found by a court of competent jurisdiction to have illegally used, sold or possessed a controlled substance or committed specified crimes involving serious acts of violence, the district police or security department may provide written notification to the Superintendent or designee. (Welfare and Institutions Code 828.1)

When informed by the court that a minor student has been found by a court to have committed any felony or any misdemeanor involving curfew, gambling, alcohol, drugs, tobacco products, carrying of weapons, a sex offense listed in Penal Code 290, assault or battery, larceny, vandalism, or graffiti, the Superintendent or designee shall so inform the school principal. (Welfare and Institution Code 827)

The principal shall disseminate this information to any counselor who directly supervises or reports on the student's behavior or progress. The principal also may inform any teacher or administrator he/she thinks may need the information so as to work with the student appropriately, avoid being needlessly vulnerable, or protect others from vulnerability. (Welfare and Institutions Code 827)

Any court-initiated information that a teacher, counselor or administrator receives shall be kept confidential and used only to rehabilitate the student and protect other students and staff. The information shall be further disseminated only when communication with the student, parent/guardian, law enforcement staff, and probation officer is necessary to rehabilitate the student or to protect students and staff. (Welfare and Institutions Code 827)

Any confidential file of court-initiated information shall be kept until the student becomes 18, graduates from high school, or is released from juvenile court jurisdiction, whichever occurs first, and shall then be destroyed. (Welfare and Institutions Code 827)

**(E) Sexual Harassment Policies (EC 212.6 [b])**

The Governing Board is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits sexual harassment or sexual violence of students at school or at school-sponsored or school-related activities. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant or respondent in alleging sexual harassment.

The district strongly encourages any student who feels that he/she is being or has been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult to immediately contact his/her teacher, the principal, or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the principal or a district compliance officer.

Complaints regarding sexual harassment shall be investigated and resolved in accordance with law and district procedures specified in AR 1312.3- Uniform Complaint Procedures. Principals are responsible for notifying students and parents/guardians that complaints of sexual harassment can be filed under AR 1312.3 and where to obtain a copy of the procedures.

The Superintendent or designee shall take appropriate actions to reinforce the district's sexual harassment policy and to ensure that any complaints regarding sexual harassment are immediately investigated in accordance with administrative regulation. When the Superintendent or designee has determined that harassment has occurred, he/she shall take prompt, appropriate action to end the harassment and to address its effects on the victim.

The Superintendent or designee shall ensure that all district students receive age-appropriate instruction and information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence
2. A clear message that students do not have to endure sexual harassment under any circumstance
3. Encouragement to report observed incidents of sexual harassment even where the alleged victim has not complained
4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved
5. Information about the district's procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made
6. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable

Any student who engages in sexual harassment at school or at a school-sponsored or school-related activity is in violation of this policy and shall be subject to appropriate interventions and/or disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account. Any student who engages in sexual violence at school or at a school-sponsored or school-related activity is in violation of this policy and shall be subject to appropriate interventions and/or disciplinary action, up to and including suspension and/or expulsion.

Any staff member found to have engaged in sexual harassment or sexual violence toward any student shall be subject to discipline up to and including dismissal in accordance with applicable policies, laws, and/or collective bargaining agreements.

The Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address, and prevent repetitive harassing behavior in district schools.

## **(I) School Discipline Rules and Consequences (EC 35291 and EC 35291.5)**

### **Beamer Park Elementary School Student Conduct Code**

Beamer Park Elementary School strives to provide a safe and positive school environment which is conducive to learning by setting clear expectations that will be consistently enforced.

Our goals are to:

- Provide a quality education
- Celebrate learning
- Promote positive self-esteem
- Promote respect for self, property and others
- Foster school pride
- Maintain open communications between home and school

Beamer Park Elementary School takes a positive and restorative approach to discipline. Teachers have the primary responsibility for promoting and monitoring appropriate student behavior in the classroom. However, all staff members are responsible for monitoring behavior of students on our campus. By taking a restorative and reflective approach, staff is provided with think sheets, social emotional support and will be trained in restorative practices this year.

Before referring a student to the Principal, we believe in conferring with students and contacting parents so that concerted action can be taken to mutually correct the inappropriate behavior pattern of the student.

A referral to the Principal is made when the corrective actions employed by the teachers and support staff fail to effect change in student behavior.

### **(J) Hate Crime Reporting Procedures and Policies**

No individual student or group of students shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, retaliate, cyberbully, cause bodily injury to, or commit hate violence against any other student or school personnel.

To the extent possible, district schools shall focus on the prevention of bullying by establishing clear rules for student conduct and implementing strategies to promote a positive, collaborative school climate. Students shall be informed, through student handbooks and other appropriate means, of district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging in bullying.

As appropriate, the district shall provide students with instruction, in the classroom or other educational settings, that promotes effective communication and conflict resolution skills, social skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and/or appropriate online behavior.

Staff shall receive related professional development, including information about early warning signs of bullying, harassing, and intimidating behaviors and effective response.

Based on an assessment of bullying incidents at school, the Superintendent or designee may increase supervision and security in areas where bullying most often occurs, such as classrooms, playgrounds, hallways, restrooms, cafeterias.

Students are encouraged to notify school staff when they are being bullied or suspect that another student is being victimized. In addition, the Superintendent or designee shall develop means for students to report threats or incidents confidentially and anonymously.

School staff who witness an act of bullying shall immediately intervene to stop the incident when it is safe to do so. (Education Code

234.1)

When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

The Superintendent, principal, or principal's designee may refer a victim, witness, perpetrator, or other student affected by an act of bullying to a school counselor, school psychologist, prevention and crisis counselor, social worker, child welfare attendance personnel, school nurse, or other support services personnel for case management, counseling, and/or participation in a restorative practice program as appropriate. (Education Code 48900.9)

Any complaint of bullying, whether it is discriminatory or nondiscriminatory, shall be investigated and resolved in accordance with law and the district's uniform complaint procedures specified in AR 1312.3- Uniform Complaint Procedures.

Corrective actions for a student who commits an act of bullying of any type on school premises, or off campus in a manner that causes or is likely to cause a substantial disruption to the campus, may include counseling, restorative practice, behavioral intervention and education, and, if the behavior is severe or pervasive as defined in Education Code 48900, may include suspension or expulsion, in accordance with district policies and regulations.

## **Safety Plan Review, Evaluation and Amendment Procedures**

The Governing Board recognizes that students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. The Board is fully committed to maximizing school safety and to creating a positive learning environment that teaches strategies for violence prevention and emphasizes high expectations for student conduct, responsible behavior and respect for others.

The Superintendent/Principal or designee oversees the development of a comprehensive district-wide safety plan that identifies major safety concerns as well as the district's goals and priorities for safe schools. The plan includes violence prevention strategies and actions to be taken in the event of a crisis.

**Beamer Park Elementary School Incident Command System**

## **Incident Command Team Responsibilities**

### **Standardized Emergency Response Management System Overview**

The California Standardized Emergency Management System (SEMS) is designed to centralize and coordinate emergency response through the use of standardized terminology and processes. This greatly facilitates the flow of information and resources among the agencies participating in response to an emergency. There are five functions of the SEMS: Management, Planning/Intelligence, Operations, Logistics, and Finance/Administration. The roles used to carry out these functions are listed below.

### **Finance/Administration**

Finance & Administration involves the purchasing of all necessary materials, tracking financial records, timekeeping for emergency responders, and recovering school records following an emergency. These activities are performed by a single person who reports directly to the Incident Commander.

### **Incident Commander**

During an emergency, the Incident Commander directs response actions from a designated Command Post. To effectively do this, the Incident Commander must constantly assess the situation, and develop and implement appropriate strategies. The Incident Commander must be familiar with the available resources, accurately document all response actions, and effectively communicate response strategies to others participating in the response. This function is typically filled by the school principal. The principal is assisted in carrying out this function by a Public Information & Liaison Officer and Safety Officer.

### **Logistics**

Logistics supports the response by coordinating personnel; assembling and deploying volunteers; providing supplies, equipment, and services; and facilitating communications among emergency responders, as well as arranging for transportation needs.

### **Operations**

The Operations Chief manages and directs emergency response activities on campus. This includes staff performing first aid, crisis intervention, search and rescue, site security, damage assessment, evacuations, and the release of students. The Operations Chief allows for the Incident Commander to carry out their responsibilities.

### **Planning/Intelligence**

Planning and Intelligence involves the use of various methods to efficiently gather information, weigh and document the information for significance, and actively assess the status of the emergency. This understanding and knowledge about the situation at hand is vital to the effective management of a response. These activities are performed by a single person who reports directly to the Incident Commander.

### **Public Information Officer**

The role of the Public Information Officer is to serve as the primary contact for anyone who wants information about the incident, including the media, public and parents. The Public Information Officer develops, reviews and coordinates all incident related information and public and agency briefings and releases, as well as communications to staff and students.

### **Safety Officer**

The role of the Safety Officer is to monitor safety conditions and develop measures for assuring the safety of students and staff. The Safety Officer also reports unsafe acts or conditions to the Incident Commander before taking action unless immediate action is necessary to preserve life or property.

### **Scribe**

The Liaison Officer is the primary contact for supporting agencies (police, fire, Red Cross, etc.) assisting at an incident. There is no need for a Liaison Officer if other agencies are not involved. The Incident Commander may decide to act as the Liaison Officer instead of appointing another staff member to handle these duties.

## **Emergency Response Guidelines**

### **Standard Response Guidelines:**

#### **4 ACTIONS**

Each protocol has specific staff and student actions that are unique to the action.

In the event a student or staff identifies the initial threat, calling 911 and administration is essential.

#### **LOCKOUT - "GET INSIDE. LOCK OUTSIDE DOORS"**

##### **Students are trained to:**

- Return to inside of building
- Do business as usual

##### **Teachers are trained to:**

- Recover students and staff from outside building
- Increased situational awareness
- Take roll, account for students
- Do business as usual

#### **LOCKDOWN - "LOCKS, LIGHTS, OUT OF SIGHT"**

##### **Students are trained to:**

- Move away from field of view
- Maintain silence

##### **Teachers are trained to:**

- Lock classroom door
- Lights out
- Move away from sight
- Maintain silence
- Do not open the door
- Take roll, account for students

## **EVACUATE - "TO A LOCATION"**

### **Students are trained to:**

- Leave stuff behind
- Bring their phone
- Form a single file line

### **Teachers are trained to:**

- Grab roll sheet if possible
- Lead students to Evacuation location
- Take roll, account for students

## **SHELTER - "FOR HAZARD USING A SAFETY STRATEGY"**

### **Hazards might include:**

- Tornado
- Hazmat
- Earthquake
- Tsunami Safety
- Strategies might include:
- Evacuate to shelter area
- Seal the room
- Drop, cover and hold
- Get to high ground

### **Strategies might include:**

- Evacuate to shelter area
- Seal the room
- Drop, cover and hold
- Get to high ground

### **Students are trained in:**

- Appropriate Hazards and Safety Strategies

### **Teachers are trained in:**

- Appropriate Hazards and Safety Strategies
- Take roll, account for students
- Report injuries or problems, at the Evacuation Assembly, to first responders using the Red Card/ Green Card method.

**1 DEMAND** The protocol also carries an obligation. Kids are smart. An implicit part of the SRP is that authorities and teachers tell them what's going on. Certainly, tempered at the elementary school. But middle school and above needs accurate information for the greatest survivability, to minimize panic and to mitigate recovery.
