Re: WANRack contract extension

BACKGROUND:

WANRack has been our vendor to provide high speed WAN (Wide Area Network) services to all buildings district wide. This service is a Category 1 service reimbursable through the Erate program. As we end the 5 year contract we are allowed two 3 year extensions. We are exercising our 3 year extensions and will take advantage of a price reduction from \$7,456 to \$3,728 per month. This monthly recurring cost is further reduced by 90% due to our discount rate through the Erate program.

RECOMMENDATION:

It is recommended that this contract extension be board approved.
