# Enrollment

- African American
- Hispanic
- Multi
- White

**299**  
Students

119 Magnet

180 Zoned

# Research and Planning

# Youth Risk Behavior Surveillance System

*(YRBSS) is a set of surveys that tracks behaviors that can lead to poor health in students grades 9 through 12. The surveys are administered every other year.*

- Data from the 2019 national Youth Risk Behavior Survey (YRBS) show that students with higher grades are more likely to engage in physical activity compared to students with lower grades. Students with higher grades are also less likely to engage in sedentary behaviors compared to students with lower grades.
