Subj: IHSAA regulations 17-1-4; CHS Football Camps;

Dear Board of Trustees:

Please accept this request of your permission for use of football protective equipment and uniforms by Caldwell School District student-athletes during the summer months. This request is in compliance with IHSAA regulation 17-1-4.

Granting permission will allow CHS football Coach Kip Crofts and his assistants to conduct instructional and competitive summer football camps the last 10 days of July benefiting Caldwell School District No. 132 student athletes.

17-1-4 Protective Equipment – During the summer, no school-owned uniforms and/or protective equipment may be used without written permission from the IHSAA. With that permission, schools may use their own protective equipment in a camp or clinic for a period of seven days within a ten-day period upon written request from the trustees of the school. Included in the request shall be a statement of recognition that IHSAA sponsored catastrophic insurance provides no coverage for the activity and any and all liabilities rest solely with the school, camp, or clinic. Individual students from a specific school are not required to use the school's protective equipment in the same camp as other team members. Each individual student will only be allowed to use an IHSAA member school's protective equipment by renting or loaning for a period of seven days within a ten-day period.

Thank you for your consideration,

Anita Wilson
