1. In School Digital Device Access, Student Access: Number and percentage of students with access to digital devices within schools, disaggregated by PSU, school, and grade level.
2. Out-of-school digital device access, including the following information disaggregated by public school unit, school, and grade level.
3. Out-of-school internet connectivity, including the following information disaggregated by public school unit, school, and grade level.

Device Access in School

100%

LEAs report a 1:1
device-to-student ratio.

75%

Charter/Lab/Regional schools
report a 1:1 device-to-student
ratio.

Funding for Student Device Refresh

82 out of 115 LEAs

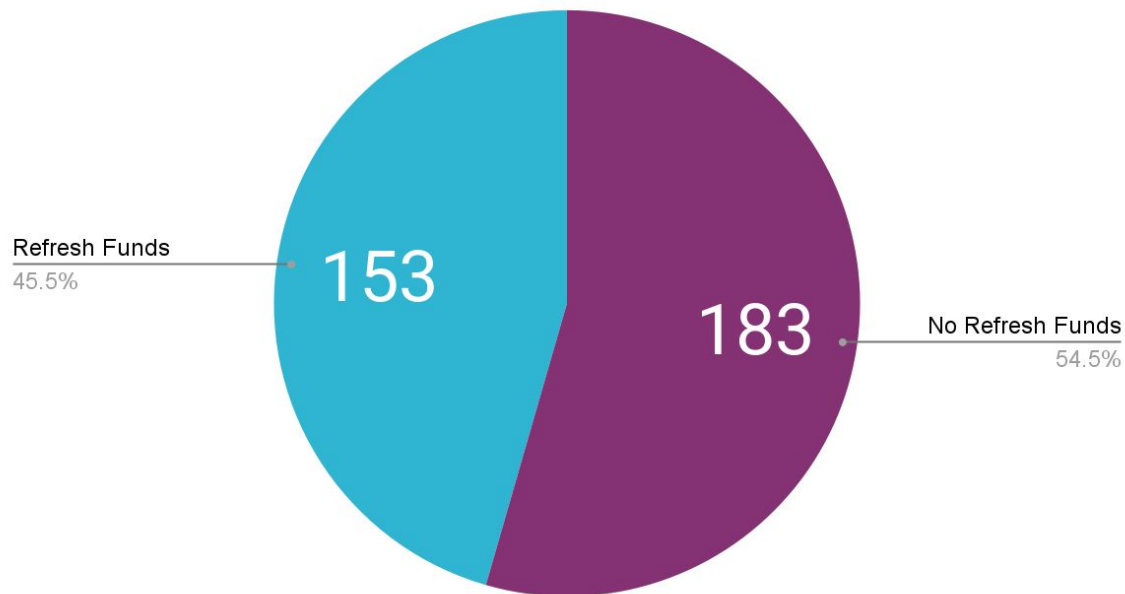

and

101 out of 221

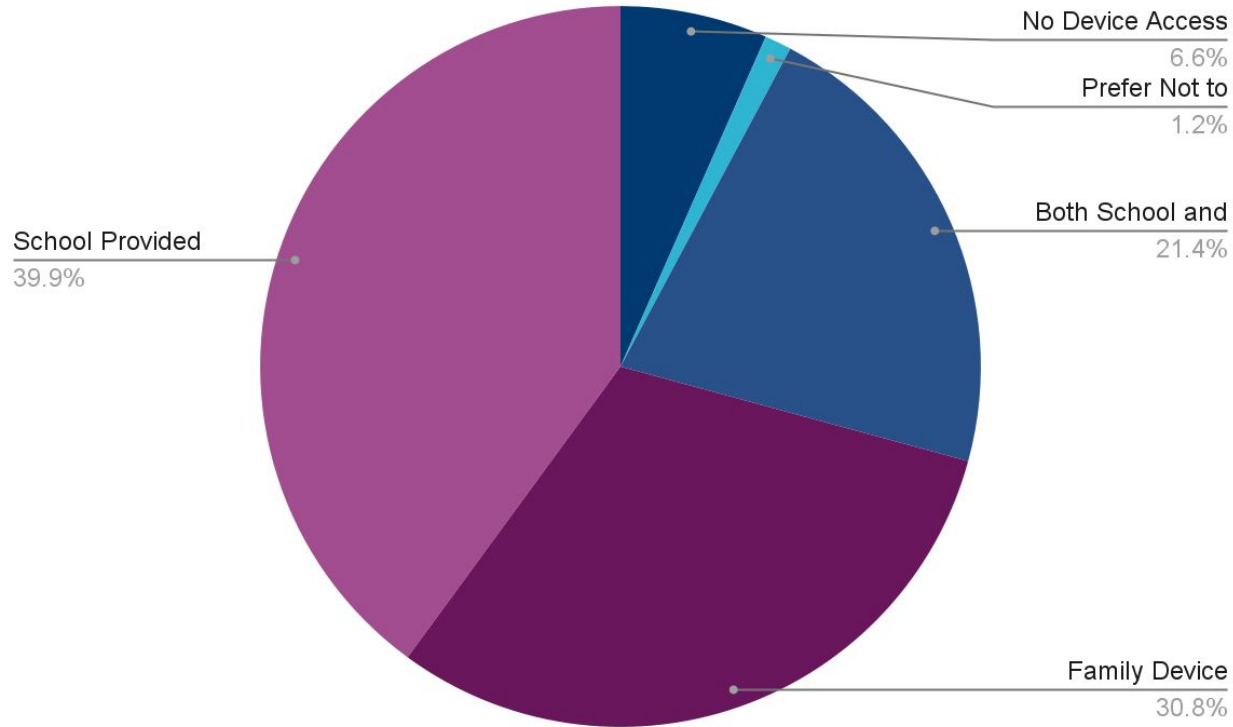

Charter/Lab/Regional Schools

Do Not Have Funds to Refresh
Devices

All Public School Units

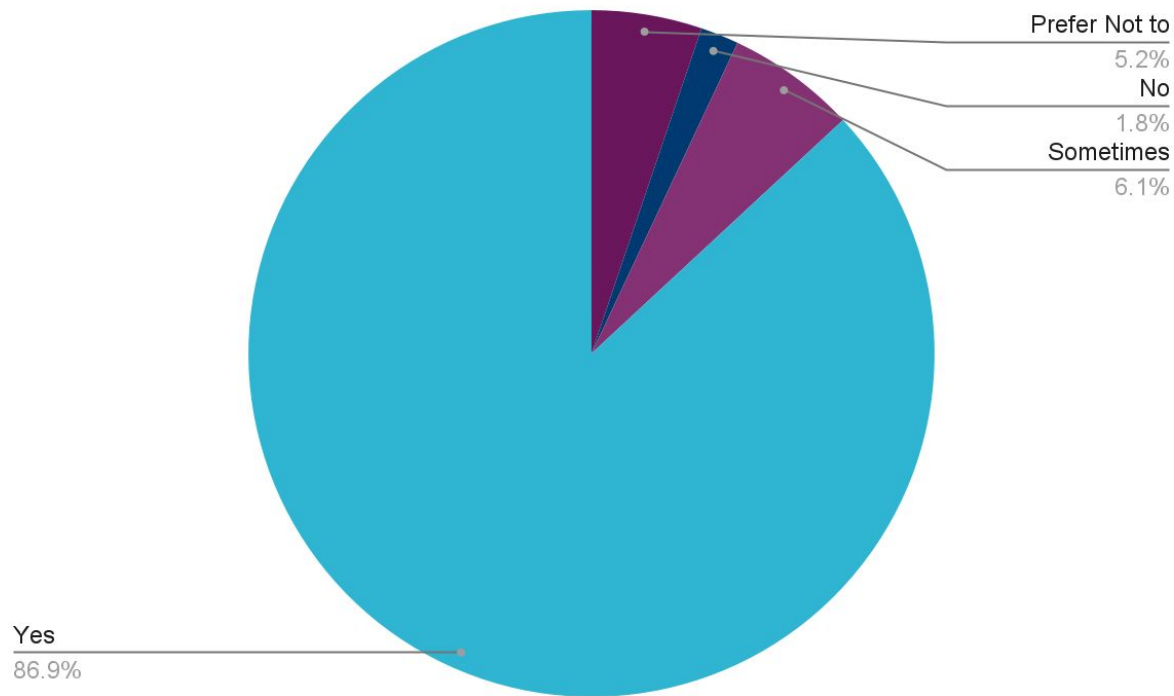

Out of School Device Access

Student device access
was answered by
99,038 families

Out-of-School Internet Connectivity

67,376 families responded to this question

Recommendation 1:

- Explore ongoing funding to sustain a four-year refresh rate for student devices

Recommendation 2:

- Ensure Home Connectivity for all Students and Staff

Thank you
