

Empowering Student Learning Through Technology

Classroom Technology Upgrades - Initial Rollout

LCAP Goal #1

SRCS will provide student-centered teaching and learning opportunities by increasing programs and services that maximize student growth toward meeting or exceeding standards with an emphasis in the areas of English Language Arts and Math.

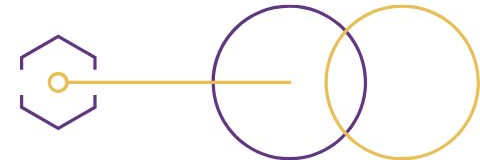

LCAP Goal #2

SRCS, in partnership with our community, commits to developing safe, inclusive, culturally responsive learning environments to promote social-emotional wellness and address the physical needs of students, families and staff.

LCAP Goal #3

SRCS commits to providing high quality relevant staff development that promotes professional growth and collaboration to increase student achievement.

Board of Education Priorities:

- Life Ready Learners
- Whole Person Focus
- High Quality Staff
- Teaching & Learning Environment and Resources
- Equity & Excellence
- Family Engagement & Community Partnerships
- Sustainable Funding

Educational Drivers:

- 21st-century learning skills.
- Student engagement through direct interaction with the curriculum.
- Active learning - online collaboration, whiteboarding, wireless casting.
- Multiple modalities of learning.
- Accessibility - vision and hearing support.
- Educator support and integration of their various instructional tools.
- Flexible teaching environment, including hybrid and remote learning.

Administrative Drivers:

- Streamline curriculum support.
- Ensure operability through standardization and device management.
- Reduce support times.
- Data driven analytics.
- Streamline site communication.
- Integration with district emergency announcement systems and signage.

Purpose:

Drawing upon the experience of classroom teachers, district & site leaders, and technology experts, the Classroom Technology Advisory Committee studied and analyzed the state of classroom technology integration across the district. Some of the major findings and recommendations were:

- Current classroom technology is outdated and inconsistent across the district.
- All classrooms should have access to the same basic set of technology devices.
- Investment in technology needs to create equity and access through the use of a consistent technology model in all classrooms.
- Teachers need to have access to modern technology teaching tools and need training and support.

Teacher and Classroom Technology Equipment Standards

Teacher Technology Setup

- Laptop
- iPad (emulates other instructional devices)

At this time, laptops were distributed to all certificated personnel. The iPad distribution is in progress.

Standard Classroom Technology Setup

Current pricing structures allows for the final proposed setup to exceed the minimum recommendations by the committee:

- 75" wireless interactive flat panel with touch functionality (preferably cart mounted).
- Voice amplification system with teacher and student microphones and assistive hearing support.
