**Principal:** Amy Schlueter

**Phone:** (707) 890-3860

**Grade Span:**

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### **California School Dashboard**

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## About This School

### Amy Schlueter

Principal, Santa Rosa Accelerated Charter School

### About Our School

The Accelerated Charter School is designed to have students use critical thinking skills to better understand the curriculum. Classes are designed to meet and exceed standards by covering contents in depth and complexity. Students' varied learning styles and strengths are incorporated into the curriculum design. Santa Rosa Accelerated Charter School curriculum is divided up between four core teachers, two 5th grade teachers and two 6th grade teachers. Grade levels are divided by having a math/science teacher and a language arts/history teacher in each grade level. In addition to the core classes, SRACS also offers P.E., art and music. All students play an instrument either in band or orchestra. Electives such as, drama, chorus, science enrichment, media technology, and Spanish are offered.

The school is operated as a public school under the jurisdiction of Santa Rosa City Schools District as a Charter School. Charter Schools are held accountable to the same rigorous standards that regular public schools are held to. The differences are the delivery methods and model of instruction, and the choice of materials which are decided at the site level. These choices allow the teacher to use different learning styles of students as a way to guide the process and products of the standards based curriculum.

## School Description and Mission Statement (School Year 2022–23)

The Mission of the Santa Rosa Accelerated Charter School is to serve students in a district approved setting who show the interest, ability and promise of succeeding in an academically challenging and specialized setting. Students will be provided high interest, standards-based, real world experiences for learning at the level in which growth proceeds most effectively. Integration of technology and making connections across disciplines will be key elements of the educational experience. These experiences will provide students opportunities to become self-motivated, competent and life-long learners.

The fundamental belief is that all students can learn with depth and complexity, if provided meaningful learning experiences that tap into those areas in which students have significant interest, passion, or talents. At SRACS our goal is to provide each child with a rigorous challenging intellectual curriculum in an environment that is safe and affirming. Students are asked to extend themselves as learners, to take intellectual risks, to struggle sometimes as beginners as they enter an environment of abstract ideas and a system of learning that goes beyond the facts and the basics. Students will use "Universal Themes" or overarching ideas that connect across the disciplines such as Power, Relationships, Change, and Systems. Understanding and applying these concepts to the study of history, literature, math and science is the cornerstone of our curriculum. This framework allows children to form complex understandings of the subjects and gives a system to understand new content with depth & complexity.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

### Teacher Preparation and Placement (School Year 2020–21)

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Subject	Textbooks and Other Instructional Materials/year of Adoption	From Most Recent Adoption?	Percent Students Lacking Own Assigned Copy
Reading/Language Arts	?The Collaborative Curriculum Design (CCD) units of study are an integral part of SRCS' comprehensive ELA curriculum. These standards-based units of study were developed over several years by SRCS teachers in response to the Common Core State Standards and the decision not to adopt a traditional ELA curriculum. They are designed to meet our students' interests and needs, and to be culturally responsive. Each unit of study within the CCD model is anchored on a cluster of interdisciplinary standards or learning goals. These integrated units support the teaching of ELA standards through the content of science and social studies. They are based on a collaborative, inquiry model of instruction with a focus on critical thinking and real-world problem solving that guide learners to higher levels of rigor and sophisticated thought. The SRCS Board of Education approved this curriculum in May 2020.?	Yes	0%
Mathematics	?All students are using a state adopted curriculum. Students in grade 5 are using Everyday Mathematics (grades 5 and 6) which is aligned with the Common Core State Standards. It reinforces math concepts through a variety of means and reviews previous concepts throughout the program. Our 6th grade students are using College Preparatory Mathematics. It is also aligned to the Common Core State Standards and provides students with a variety of ways to master the curriculum. Other resources used to supplement the state adopted curriculum include IXL, DESMOS, Nearpod, Mathematics Assessment Project, Khan Academy and lessons that utilize the universal concepts and generalizations as well as the icons of depth and complexity.?	Yes	0%
Science	?FOSS (Full Option Science System) is a research-based science curriculum for grades K-6 developed at the Lawrence Hall of Science, University of California, Berkeley. FOSS has evolved from a philosophy of teaching and learning that has guided the development of successful active-learning science curricula for more than 40 years. The FOSS Program bridges research and practice by providing tools and strategies to engage students and teachers in enduring experiences that lead to deeper understanding of the natural and designed worlds. Additionally, FOSS Grades 5 and 6 are supplemented with other labs, projects and activities created by our staff that utilize the icons of depth and complexity, the universal concepts and generalization along with the NGSS standards and cross-cutting concepts.?	Yes	0%
History-Social Science	?Students explore History/Social Science using the standards based Pearson Scott Foresman "California History/Social/Science" program in fifth grade. The McMillan/McGraw Hill "California Vistas" program is used in sixth grade in order to prepare students for middle school. American History is the focus in fifth, while sixth grade emphasizes ancient world cultures. ## School Facility Conditions and Planned Improvements

The district uses the Facilities Inspection Tool (FIT) which was developed by the State of California Office of Public School Construction to evaluate the conditions at each school site with ratings of "good," "fair," or "poor." The FIT also provides an overall summary of the school conditions at each school site on a scale of "exemplary," "good," "fair," or "poor". Detailed information from the FIT is listed in Section IV of the complete SARC and is also available at the District Office.

This school was inspected on 12/27/2022 and had an overall rating of "good".

The school is maintained in good repair with a number of non-critical deficiencies noted. These deficiencies are isolated, and/or resulting from minor wear and tear, and/or in the process of being mitigated.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
  2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
  3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### CAASPP Test Results in ELA and Mathematics for All Students

##### Grades Three through Eight and Grade Eleven taking and completing a state-administered assessment

##### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2020–21	School 2021–22	District 2020–21	District 2021–22	State 2020–21	State 2021–22
English Language Arts / Literacy (grades 3-8 and 11)	N/A	78%	N/A	41%	N/A	47%
Mathematics (grades 3-8 and 11)	N/A	79%	N/A	25%	N/A	33%

Note: Where it was the most viable option, in 2020–21, LEAs were required to administer the statewide summative assessment in ELA and mathematics and where a statewide summative assessment was not the most viable option for the LEA, LEAs were permitted report results from a different assessment that meets the criteria established by the California State Board of Education on March 16, 2021. The 2020–21 data cells for the school, district, state have N/A values because these data are not comparable to 2021–22 data. Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

#### Opportunities for Parental Involvement (School Year 2022–23)

As part of the application process, parents and guardians agree to participate in the life of the school. 10 hours of service opportunities by each family is requested per year. Such service hours will be flexible and varied so as not to create barriers for a diverse student population. Varied service opportunities may include such things as classroom assistance, field trip transportation, science camp chaperones, fundraising support, Coaching, Parent Organization or Advisory Council Board committees

## State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

### Suspensions and Expulsions for School Year 2019–20 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019–20	District 2019–20	State 2019–20
Suspensions	0.00%	6.03%	2.45%
Expulsions	0.00%	0.11%	0.05%

Note: The 2019–20 suspensions and expulsions rate data are not comparable to other year data because the 2019–20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–20 school year compared to other school years.

### Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2020–21	School 2021–22	District 2020–21	District 2021–22	State 2020–21	State 2021–22
Suspensions	0.00%	0.75%	0.08%	6.40%	0.20%	3.17%
Expulsions	0.00%	0.00%	0.00%	0.05%	0.00%	0.07%

Note: Data collected during the 2020–21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

**School Safety Plan (School Year 2022–23)**

SRACS is on the Rincon Valley Middle School campus and is included in the RVMS safety plan. SRACS strives to establish and maintain an orderly and purposeful place where students and staff are free to learn and teach without the threat of physical and psychological harm. It is characterized by sensitivity and respect for all individuals regardless of cultural and ethnic background, an environment of nonviolence, clear behavioral expectations, disciplinary policies that are consistently and fairly administered, students' affiliation and bonding to the school, support and recognition for positive behavior, and a sense of community on the school campus. We work to develop this environment through proactive security procedures, established emergency response plans, timely maintenance, cleanliness, and clean campus and classroom appearance. In addition, the SRACS community understands that under the California Constitution, Article I, Section 28(c): Right to Safe Schools, states that "All students and staff of primary, elementary, junior high, and high schools have the inalienable right to attend campuses which are safe, secure, and peaceful." We value these qualities and integrate them into the decisions we make for our staff, students, and families.

SRACS consistently enforces school rules and acknowledges appropriate behavior. Our school conducts monthly emergency drills. All faculty and staff are involved in overall campus-wide safety planning and disaster response procedures. We provide campus supervision throughout the day with administration, school staff, and teachers.
