Santa Rosa Charter School for the Arts
2021–22 School Accountability Report Card
Reported Using Data from the 2021–22 School Year
California Department of Education

Address:	756 Humboldt St. Santa Rosa, CA , 95404-3717	**Principal:**	Sarah Cranke
Phone:	(707) 890-3920	**Grade Span:**	

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.

- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.

- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About This School

About Our School

Santa Rosa Charter School for the Arts (SRCSA) Vision Statement SRCSA is a collaborative school community changing education by providing an academically rigorous program, using an arts-integrated approach. All members cultivate creativity and empathy, while embracing challenges to engage and develop the whole child in a safe environment.

The mission of the Santa Rosa Charter School for the Arts is to provide K-8 students from the Santa Rosa community and beyond with an innovative, high quality education that focuses on the arts through a challenging, integrated, standards based academic program. The ultimate goal of our school is to give our students a lifetime appreciation of learning through the lens of the visual and performing arts and to assist in the development of committed, confident individuals who are willing to make positive contributions to the community at large.This charter recognizes that students and schools are more successful when parents, staff, students and the community work together to support and foster learning for all. Therefore, at the Arts Charter School, the education of each child is a joint venture between the parent, student, community and school.

To support this goal:

1. Parents/guardians, staff, and community partners will be elected to serve on the Parent Advisory Board.

2. Parents and guardians who enroll their children in the school will accept their responsibility for their children's education.

Therefore, they will agree to:

Discuss regularly with their child the importance of education and school.

Keep in regular contact with their child's teacher(s) regarding student progress.

Attend school sponsored parent meetings regarding the school's program.

Consistently support their child in completion of school work and preparation for assessments.

Parents and guardians will agree to participate in the life of the school. Two hours per month of service opportunities by each family are encouraged. Such service hours will be flexible and varied so as not to create barriers for a diverse student population. Varied service opportunities may include such things as classroom assistance, field trip transportation, fundraising support, Parent Advisory Committee work, tutoring, reading with students, or supporting arts-related activities. If families incur hardships that make the service requirement difficult or impossible to meet for a given time period, special arrangements may be made through an appeal process to the Charter School Advisory Committee.

## School Description and Mission Statement (School Year 2022–23)

The mission of the Santa Rosa Charter School for the Arts is to provide K-8 students from the Santa Rosa community and beyond with an innovative, high quality education that focuses on the arts through a challenging, integrated, standards-based academic program. The ultimate goal of our school is to give our students a lifetime appreciation of learning through the lens of the visual and performing arts and to assist in the development of committed, confident individuals who are willing to make positive contributions to the community at large.

What Makes SRCSA Unique?

There are many reasons that SRCSA is such a sought after school community. Our teachers are highly skilled and passionate about what they do which is evident whenever one visits the school and classrooms. Our students are academically and creatively challenged. As a district sponsored Charter school, we utilize the same CCSS and common assessments but often do so through unique research based approaches. SRCSA subscribes to the Kennedy Center model for school-wide Arts Integration. Throughout our student's time at SRCSA, they will be learning core subject material through Arts Integration means. This approach produces deep and powerful learning experiences. The school staff includes Drama, Dance, Music, Digital Art and Visual Art educators who work with students during the regular school day. SRCSA also employs an ORFF Educator for grades K-2 to lay a solid music theory foundation for all children. All third and fourth grade students learn to play the violin-this again is part of the regular school day.

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Reading/Language Arts	The Collaborative Curriculum Design (CCD) units of study are an integral part of SRCS' comprehensive ELA curriculum. These standards-based units of study were developed over several years by SRCS teachers in response to the Common Core State Standards and the decision not to adopt a traditional ELA curriculum. They are designed to meet our students' interests and needs, and to be culturally responsive. Each unit of study within the CCD model is anchored on a cluster of interdisciplinary standards or learning goals. These integrated units support the teaching of ELA standards through the content of science and social studies. They are based on a collaborative, inquiry model of instruction with a focus on critical thinking and real-world problem solving that guide learners to higher levels of rigor and sophisticated thought. The SRCS Board of Education approved this curriculum in May 2020. Lucy Calkins Units of Study in Opinion, Information, and Narrative Writing. Mathematics	All students are using a new state adopted curriculum. Students in grades Kindergarten thru 5th grade are using Everyday Mathematics which is aligned with the Common Core State Standards. It reinforces math concepts through a variety of means and review s previous concepts throughout the program. Our 6th grade students are using College Prepirtory Mathematics. It is also aligned to the Common Core State Standards and provide students with a variety of ways to master the curriculum.	Yes	0%
Science	FOSS (Full Option Science System) is a research-based science curriculum for grades K-6 developed at the Lawrence Hall of Science, University of California, Berkeley. FOSS has evolved from a philosophy of teaching and learning that has guided the development of successful active-learning science curricula for more than 40 years. The FOSS Program bridges research and practice by providing tools and strategies to engage students and teachers in enduring experiences that lead to deeper understanding of the natural and designed worlds. History-Social Science	Students begin their exploration of History/Social Science using the standards based Pearson Scott Foresman "California History/Social/Science" program from kindergarten through fifth grade. The McMillan/McGraw Hill "California Vistas" program is used in sixth grade in order to prepare students for middle school. Students learn about citizenship beginning in first grade, and in second grade, students explore the lives of both current and historical figures. The theme in third grade is continuity and change, with California the subject of student studies in fourth grade. American History is the focus in fifth, while sixth grade emphasizes ancient world cultures. Woven throughout all grade levels is instruction in geography and the environment and their influence on culture. 7th & 8th grade uses Young People's History of the US.	Yes	0%

Visual and Performing Arts	SRCSA teachers collaborate within grade level teams and with arts specialty teachers to create art-integrated lessons and units of study. Their work documents student learning process with photos, videos, student reflections as well as teacher reflections to make learning visible to SRCSA families and the broader community. As a school community, SRCSA is committed to growing students' practice and mastery of arts integration. At SRCSA, students experience an immersion in the arts from Kindergarten through grade eight. Students move from experiences and experimentation with various visual and performing art forms in the early grades, to investigation of discrete disciplines, and then finally to choices and possibilities for further exploration that include focus on a specific area of the arts in grades sixth through eighth.		0%

School Facility Conditions and Planned Improvements

The district uses the Facilities Inspection Tool (FIT) which was developed by the State of California Office of Public School Construction to evaluate the conditions at each school site with ratings of "good," "fair," or "poor." The FIT also provides an overall summary of the school conditions at each school site on a scale of "exemplary," "good," "fair," or "poor". Detailed information from the FIT is listed in Section IV of the complete SARC and is also available at the District Office.
This school was inspected on 12/27/2022 and had an overall rating of "good".

The school is maintained in good repair with a number of non-critical deficiencies noted. These deficiencies are isolated, and/or resulting from minor wear and tear, and/or in the process of being mitigated.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

  The CAASPP System encompasses the following assessments and student participation requirements:
  1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
  2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
  3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: Where it was the most viable option, in 2020–21, LEAs were required to administer the statewide summative assessment in ELA and mathematics and where a statewide summative assessment was not the most viable option for the LEA, LEAs were permitted report results from a different assessment that meets the criteria established by the California State Board of Education on March 16, 2021. The 2020–21 data cells for the school, district, state have N/A values because these data are not comparable to 2021–22 data.
Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.
Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions for School Year 2019–20 Only
(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019–20	District 2019–20	State 2019–20
Suspensions	1.18%	2.00%	2.45%
Expulsions	0.00%	0.00%	0.05%

Note: The 2019–20 suspensions and expulsions rate data are not comparable to other year data because the 2019–20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–20 school year compared to other school years.

Suspensions and Expulsions
(data collected between July through June, each full school year respectively)

Rate	School 2020–21	School 2021–22	District 2020–21	District 2021–22	State 2020–21	State 2021–22
Suspensions	0.00%	1.00%	0.00%	2.94%	0.20%	3.17%
Expulsions	0.00%	0.00%	0.00%	0.04%	0.00%	0.07%

Note: Data collected during the 2020–21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

School Safety Plan (School Year 2022–23)

Our teachers continue their professional development in arts integration with the Kennedy Center teaching artists. Our collaboration has included the Wells Fargo Center for the Arts and the workshops provided by the Kennedy Center. This year teachers have the opportunity to participate in four professional development workshops with Kennedy Center Teaching Artists and classroom modeling by those teaching artists. In addition to the many professional development opportunities funded directly by SRCSA, teachers actively participate in numerous district sponsored PD events. Such opportunities include, Restorative Practice training, G.L.A.D. training, monthly grade level collaboration meetings, curriculum development meetings (CCD) to name just a few.
