YONDR STAFF FEEDBACK

Legal Updates for Cell Phones in Schools

- [NC Sessions Law 2025-38 / House Bill 959](#) includes the following:
- Public schools must adopt policies that prohibit the use of wireless devices during instructional time
- Local boards of education must adopt policies for Internet safety to protect students online and prevent unauthorized access to school data by January 1, 2026.
- The standard course of study will include instruction on the effects of social media on health at elementary, middle, and high school levels, covering topics like negative effects, misinformation, online safety, and cyberbullying prevention, starting with the 2026-2027 school year.
