He is always doing what is best for students, and has confidence in all of the students in our building. He has the ability to form amazing relationships with even the toughest students. When students come in late, he makes sure they have had breakfast and provides it to them if not. Justin is just awesome! He is such an amazing teacher, coach, and coworker. Justin always has a positive spirit when navigating teaching, coaching, and interacting with students. He always makes sure to look at all perspectives when talking about issues and stays positive in the work room. Justin noticed a student who comes in between the*

two bells in the morning was desperately trying to get breakfast before the cafeteria worker would leave. Justin arranged it with the worker to leave the student's breakfast with him in the mornings so this student is no longer stressed about missing breakfast. It's this level of care that Justin brings for our students on the daily. Congrats, Mr. Roth! Thanks for all you do for our students at SGMS! WE APPRECIATE YOU!
