School Performance Indicators

Achievement Score Indicators (80%)

Elementary School	Middle School	High School
• Reading EOG (Gr 3-5)* • Math EOG (Gr 3-5)* • Science EOG (Gr 3-5)* • EL (English Learner) Progress on Language Proficiency Test	• Reading EOG (Gr 6-8)* • Math EOG (Gr 6-8)* • Science EOG (Gr 8)* • EOC NC Math 1 • EL (English Learner) Progress on Language Proficiency Test	• EOC NC Math I* • EOC NC Math III* • EOC English II* • EOC Biology* • EL (English Learner) Progress on Language Proficiency Test • 4-Year Cohort Graduation Rate • Successful Completion of High-Level Math Courses • Scores on ACT/WorkKeys Assessments

School Growth Score Indicators (20%)

EVASS Growth Index for EOG Reading, Math & Science	EVASS Growth Index for EOG Reading/ELA, Math & Science	EVASS Growth Index for EOC ELA, Math & Science
--	--	--

**Includes NCEXTEND1 alternate assessment results; excludes data where less than 30 participants have scores*

Student Performance on Assessments

North Carolina students in grades 3-8 and in certain high school grades take assessments each year that measure achievement in reading, mathematics and science. Student performance on these end-of-grade and end-of-course assessments are reported as four academic achievement levels:

Not Proficient: Inconsistent Understanding

Achievement Level 3: Sufficient Understanding (Grade-Level Proficiency/GLP) *

Achievement Level 4: Thorough Understanding (Career and College Readiness/CCR)**

Achievement Level 5: Comprehensive Understanding (Career and College Readiness/CCR) **

*Achievement Level 3 identifies students who have a sufficient understanding of grade-level knowledge and skills in the tested content areas to move on to the next grade but who may need additional support to be on track for career-and-college readiness.

**Achievement Levels 4 and 5 indicate students are on track to be career-and-college ready by the time they graduate from high school.

State Assessments

Academic Growth

Academic growth is an indication of the progress that students in the school made over the previous year. The standard is roughly equivalent to a year's worth of expected growth for a year of instruction.

Growth is reported for each school as Exceeded Growth Expectations, Met Growth Expectations or Did Not Meet Growth Expectations as measured by EVAAS, a statistical tool North Carolina uses to measure student growth when common assessments are administered.

Subgroups

Subgroup performance is reported when the number of scores in a particular group is at least 30 for one or more parts of the accountability model.

Participation

To ensure that all students are included in the academic assessment accountability measures, schools are held accountable for testing at least 95% of eligible students. The participation requirement applies to groups of students of 30 or more, including the All Students group and each subgroup.

- *The minimum number of students needed to report data is ten. If the data contains less than ten students the data is masked or not provided. Denominators are included in the Data Set tab.*
- *Performance results greater than 95 percent are masked as >95 and results less than 5 percent are masked as <5.*

School Performance Grades

Since 2013-14, student performance data have been used to assign letter grades to North Carolina public schools as required by North Carolina General Statute 115C-83.15. The grades are based on each school's achievement score (weight of 80%) and each school's academic growth (weight of 20%). The total school performance score is converted to a 100-point scale and then used to determine a school performance grade of A, B, C, D or F.

The final grade is based on a 15-point scale:

A: 85-100

B: 70-84

C: 55-69

D: 40-54

F: Less than 40

2025-2026 District Overview of School Performance Grade & Growth

Currituck County Schools 2025-2026 School Performance Grades & Growth Status

School Name	School Performance Grade	School Growth Status Indicated by Color
Central Elementary School	59	C
Currituck County High School	69	C
Currituck County Middle School	61	C
Jarvisburg Elementary School	71	B
Shawboro Elementary School	66	C
J.P. Knapp Early College High School	94	A
Knotts Island Elementary	73	B
Moyock Elementary School	69	C
Moyock Middle School	67	C
W T Griggs Elementary School	67	C

Green = Growth Met

Yellow = Growth Exceeded

Gray = Growth Not Met

Every district and charter school receives an A-F letter grade based 80 percent on the school's achievement score (calculated using a composite method based on the sum of points earned by a school on all of the indicators measured for that school), and 20 percent on students' academic growth (compares the actual performance of the school's students to their expected performance based on a statewide statistical model). The letter grades are computed on a 15-point scale (85-100=A; 70-84=B; etc.).

A	85-100
B	70-84
C	55-69
D	40-54
F	Less than 40

Five schools met or exceeded growth during the 2025-2026 school year. This marks the first time since the current School Performance Grade model was implemented that half of the district's schools did not meet expected growth. All schools that increased proficiency scores by more than a point fell in their growth index according to the state model.

At its meeting earlier this week, the State Board of Education heard an update from the North Carolina Department of Public Instruction on efforts to explore possible changes to the state's accountability model. A task force is considering ways to measure students' achievement beyond the current approach, as well as growth models that compare students with their own projected performance rather than the current approach of measuring with the performance of students across the state.

CCS will continue to closely monitor any proposed changes to the accountability model and share updates with families as additional information becomes available.
