Agenda Topic: Discussion of the JB Young
Children's Village Renovation Project

Public Content Statement: The JB Young first floor will become the Children's Village preschool. Part of this work includes upgrading the HVAC system on the first floor, a playground, and additional parking. The existing Davenport Schools Museum will stay the way it is and won't be affected by this renovation.

Background: We will be using Bray Architects as designers for this project. The preliminary budget for this project is approximately \$5,800,000 from the SAVE fund. Bray Architects will provide drawings and specifications setting forth in detail the quality and levels of materials and systems for the construction of the work.
