

[DRAFT] STAFF SURVEY

In January 2025, our district implemented an updated [503.9 - Secondary School Personal Device Policy](#) designed to reduce distractions during instructional time and support student learning. As we near the end of the school year, we are seeking your feedback on how the policy is working in practice.

This survey will also gather your input on student Chromebook use, including screen time, as well as the use of educational software, specifically in elementary classrooms. Your perspective is important in helping us understand what is working well and where adjustments may be needed.

Thank you for taking a few minutes to share your feedback.
