Subject: Google For Education Standard – eRate Cybersecurity Pilot Program

Dear Trustees,

As part of an Identity Protection and Authentication bid under the eRate Cybersecurity Pilot Program, we have awarded the bid for upgrading our Google environment to Amplified IT in the amount of \$15,600. This purchase will provide the district with a Google Workspace for Education Standard license - a critical step in improving our visibility and control over student and staff Google accounts.

Key Cybersecurity Benefits of the Standard License:

- **Security Dashboard** – Centralized view of potential threats and account activity
- **Advanced Email & Drive Protection** – Blocks phishing, malware, and spam
- **Investigation Tool** – Allows IT to quickly identify and respond to threats
- **Data Loss Prevention (DLP)** – Prevents sharing of sensitive information
- **Context-Aware Access** – Enforces login rules based on user, device, or location
- **Enhanced Logging** – Improves visibility and incident tracking

This investment gives our team the tools needed to monitor, detect, and respond to cyber threats within the Google ecosystem - where much of our teaching, communication, and collaboration occurs.

Amplified IT submitted the most complete and cost-effective proposal, and was awarded the bid at **\$15,600**.

Thank you for your continued support in strengthening the district's cybersecurity posture. Please reach out if you would like further details.

Sincerely,
Caleb Shore
Technology Director

Notes

Expecting a quote from Amplified IT? Amplified IT is now a part of CDW! We're moving all of the Amplified IT's products on to CDW's systems. This means quotes and invoices will come from CDW and Purchase Orders need to be made out to CDW. Unfortunately we will no longer be able to accept Purchase Orders made out to Amplified IT for these products. If you have any questions ask your Account Manager or GCS rep.

Student Enrollment Verification Letters are required for all first time Education Standard and Education Plus orders. These letters confirm the number of students at your institution. This must align with the number of licenses you intend to buy, and must be returned with your PO before we complete your order.

Please note as required by Google you must purchase Google Workspace for Education and Google Voice from the same Reseller. All quotes are subject to Google confirmation of staff or student population size.
