

**To:** Members of the Board of Education

**From:** Dennis L. Carpenter, Ed.D.  
Katie Roe, Assistant Superintendent Academic Services

**Date:** May 21, 2026

**RE:** Edmentum Exact Path Renewal 26-27 SY (Ruskin High School)

**Rationale:**

Edmentum Exact Path is Ruskin High School's assessment and personalized instruction platform for students in grades 9 and 10. This is the high school equivalent to iReady. The platform is fully aligned to the Missouri Learning Standards and supports instructional decision making by assessing student performance three times per year and identifying unfinished learning by assigning lessons for differentiated instruction.

**Background information:**

This is the 2nd year of using Exact Path as an alternative to iReady. Classroom teachers and building leaders utilize the assessment data to assess student mastery of standards and proficiency towards state end of course exams. Exact Path data also supports district improvement planning, student goal setting, and communication with families regarding academic progress. Continued implementation will support the district's strategic focus on improving student achievement outcomes and ensuring equitable access to personalized learning experiences.

**Cost Analysis:**

The annual cost for both the assessment and instruction component of ExactPath is \$49,00. This is paid for out of Ruskin Comprehensive School Improvement grant awarded by DESE.

**Connection with District initiatives and Board Policy:**

CSIP Alignment: Pillar B, Our Schools, Focus Area 5: Student Achievement

**Recommendation:**

The Superintendent recommends approval of the Edmentum Exact Path renewal for Ruskin for the 26-27 SY.
