The National FFA Convention & Expo is all about growing the next generation of leaders. No matter where you are in FFA, you'll find inspiration and direction to become a leader and influencer, ready to make an impact. During this event, find out who you are, who you want to become and how you can change how the world grows.

The 96<sup>th</sup> National FFA Convention & Expo is approved for listing by the National Association of Secondary School Principals.

For more information visit the convention website: <https://convention.ffa.org/> Schedule will posted on this site sometime during the month of August (as a National FFA Teacher Ambassador they told me this information).

96TH NATIONAL FFA CONVENTION & EXPO  
NOV. 1-4, 2023 | INDIANAPOLIS

**September 1, 2023**

Dear Administrators and Educators,

The 96th National FFA Convention & Expo is upon us! I look forward to your FFA chapter joining us for this year's event, scheduled Nov. 1-4 in Indianapolis. We are proud to note our convention continues to carry the seal of approval from the National Association of Secondary School Principals for its enriching content, educational focus and alignment with national educational standards.

In Indianapolis, we are looking forward to celebrating and honoring the achievements of our FFA members and chapters. While they attend the convention, FFA members will also network, explore careers in agriculture and learn new skills that inspire them to become the next generation of leaders who will change the world.

We encourage our members and chapters to attend so they can get the most from the experience. Attendees will also have the opportunity to join our National Days of Service opportunities and projects that put the last line of the FFA motto — “Living to serve” — into practice as we make a difference in the Indianapolis community.

Our event will be a celebration filled with experiences that will reinforce the educational standards that are being taught in the classroom. Students will learn about the trends and technologies that are used to feed and clothe the world in a sustainable way. They will engage with business leaders and companies at the National FFA Expo to learn about career opportunities available in the industry of agriculture. And along with student workshops focused on leadership, personal growth and career success, we will also offer teacher workshops for educators to learn and grow through professional development.

We are looking forward to your FFA chapter and members joining us for the 96th National FFA Convention & Expo. As the event gets closer, please stay tuned to our website ([convention.FFA.org](http://convention.FFA.org)) for our updates and plans for a safe, worthwhile event.

Best,

Christine White  
Chief Program Officer, National FFA Organization
