

# Professional Development

## 2026-2027

## ***The Pattonville Mission***

"That All Will Learn ..... to become responsible citizens in a nurturing environment where diversity means strength knowledge means freedom and commitment means success."

## **Pattonville** *Vision*

Caring community where all learners are valued, loved, respected, and regarded as our hope for today and the future.

Safe community where respect for self and others is demonstrated; where integrity and dignity guide behavior.

Learning community where all are challenged to excel. We see students as life long learners and problem solvers who are academically prepared for success and committed to excellence.

Interdependent community where unity among students, families, patrons and staff fosters learning, responsibility and an appreciation of the diverse individual.

# OUR PLAN - CSIP

- Goal 1** Students demonstrate significant improvement in their understanding and application of state academic standards.
- Goal 2** Develop and implement building-level school improvement plans consistent with CSIP.
- Goal 3** Develop a plan that addresses critical issues (i.e., impact of the current economy, changes in state and local funding, changes in enrollment, district staffing and district safety).

*"Leadership and learning  
are indispensable to each  
other."*

— John F. Kennedy
