## Contract Details

2 Bite of Tools Workshop: Building a Regulated Classroom (Kindergarten and 1st-grade teachers)

In this workshop, your team will explore proven best practices for creating a positive and collaborative classroom community where students thrive. Your team will also learn proven techniques for building a strong, regulated culture where children enthusiastically engage in learning, embrace mistakes, and actively support each other. Your session will focus on specific practices designed to cultivate a self-regulated classroom. By enabling students to offer and receive peer support, your team will gain valuable time to provide individualized attention and instruction to all learners. We will delve into effective strategies for addressing challenging behaviors in the classroom. Participants will learn how to empower children to manage their emotions and behaviors while supporting the development of crucial social skills, enhancing their learning experience, and improving child outcomes.
