In the recent years that I've gone to high school I've seen and gotten to experience the beauties of our district while also fighting the injustices that plague us. I have always been surprised that we still have so many issues to address and I've been work my hardest to solve them. Ever since the incident at Montjoy High happened I've spoken out and raised my voice in a respectful, responsible, and a powerful manner. I believe every moment provides an opportunity to take action to make students experience better. I'm driven and action-oriented and committed to being accessible and having open ears to all. I take opportunities to engage and educate my peers because I know what we desire and need to be successful. I can inspire and mobilize and activate students to voice their needs, especially those who have a difficult time engaging themselves in these current complex discussions. I will work my hardest to will bring equal representation to this board and help make choices that will benefit our entire community. I listen, I learn, and I am inclusive and I have taken the time to educate myself and recognize there are multiple realities in our diverse community.
