Scope of Services

District may require Contractor to perform the following Services:

A. Ellevation Data / Implementation

- Ellevation Data/Implementation is where Contractor's Data Acquisition Specialist works with the District's tech team to get the needed data into Ellevation, and ensure it comes in correctly.
- This is primarily done via email - but can also be through Zoom meetings. The Partner Success Manager would also ask the District admin team what components they would like configured/customized within Ellevation - for instance dashboard options, LTEL info, RFEP monitoring forms (what District would like them to look like), whether District wants OPTEL and things like that. this is the time to get things ready for a full launch for District's teachers and staff.

B. Professional Development

1. Getting Started training

This is composed of 3 hours, that can be broken down into 1 hour each and is a representation of the three pieces of training below:

- **Analyzing student data (Student List)** – *EL Specialists, Instructional Leaders, and Administrators*
Discover how to use data in Ellevation to inform instruction for MLL students and leverage tools to facilitate collaboration between District EL team and teachers.
- **Building community through student information** - *EL Specialists, and Administrators*
Facilitate sharing MLL student information with key stakeholders using Ellevation reports and parent letters.
- **Documenting student decisions (Workflows)** - *EL Specialists, and Administrators*
Manage EL compliance workflows using Ellevation for reclassification, progress monitoring, and RFEP monitoring.

The virtual training will be with the District's Ellevation Training Solutions Manager, who will conduct all the training and will get to know the District's team and dashboard. Depending on the training, they will tailor it to the needs of the District's wants for the targeted audience. The trainers will usually want to hold a quick 15-minute meeting before the training to ask what the vision is based on the topic.

This will be with a Live person and there will be training options. In each of the trainings, the District's team will have the option to ask questions and follow along.

Teachers would complete: Getting to know your students (Student Profile) - Teachers, Learn to leverage components of the Ellevation student profile to better understand MLL students and how to support them in the classroom. This course can accommodate larger groups of up to 500 in a webinar-style format.

The live trainings but can be recorded. Also within Ellevation, Contractor has an option for virtual video support if anyone is stuck on a particular part. The District will also have access to a Partner Success Manager, who is there for the life of the District's account and can answer any support questions for the District's admin team via email within 24 hrs.

2. Online Training Hour
