By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2023–24)

Santa Rosa Charter School for the Arts (SRCSA) Vision Statement SRCSA is a collaborative school community changing education by providing an academically rigorous program, using an arts-integrated approach. All members cultivate creativity and empathy, while embracing challenges to engage and develop the whole child in a safe environment.

The mission of the Santa Rosa Charter School for the Arts is to provide K-8 students from the Santa Rosa community and beyond with an innovative, high quality education that focuses on the arts through a challenging, integrated, standards based academic program. The ultimate goal of our school is to give our students a lifetime appreciation of learning through the lens of the visual and performing arts and to assist in the development of committed, confident individuals who are willing to make positive contributions to the community at large. This charter recognizes that students and schools are more successful when parents, staff, students and the community work together to support and foster learning for all. Therefore, at the Arts Charter School, the education of each child is a joint venture between the parent, student, community and school.

To support this goal:

1. Parents/guardians, staff, and community partners will be elected to serve on the Parent Advisory Board.
2. Parents and guardians who enroll their children in the school will accept their responsibility for their children's education.

Therefore, they will agree to:

Discuss regularly with their child the importance of education and school.

Keep in regular contact with their child's teacher(s) regarding student progress.

Attend school sponsored parent meetings regarding the school's program.

Consistently support their child in completion of school work and preparation for assessments.

Parents and guardians will agree to participate in the life of the school. Two hours per month of service opportunities by each family are encouraged. Such service hours will be flexible and varied so as not to create barriers for a diverse student population. Varied service opportunities may include such things as classroom assistance, field trip transportation, fundraising support, Parent Advisory Committee work, tutoring, reading with students, or supporting arts-related activities. If families incur hardships that make the service requirement difficult or impossible to meet for a given time period, special arrangements may be made through an appeal process to the Charter School Advisory Committee.

The mission of the Santa Rosa Charter School for the Arts is to provide K-8 students from the Santa Rosa community and beyond with an innovative, high quality education that focuses on the arts through a challenging, integrated, standards-based academic program. The ultimate goal of our school is to give our students a lifetime appreciation of learning through the lens of the visual and performing arts and to assist in the development of committed, confident individuals who are willing to make positive contributions to the community at large.

What Makes SRCSA Unique?

There are many reasons that SRCSA is such a sought after school community. Our teachers are highly skilled and passionate about what they do which is evident whenever one visits the school and classrooms. Our students are academically and creatively challenged. As a district sponsored Charter school, we utilize the same CCSS and common assessments but often do so through unique research based approaches. SRCSA subscribes to the Kennedy Center model for school-wide Arts Integration. Throughout our student's time at SRCSA, they will be learning core subject material through Arts Integration means. This approach produces deep and powerful learning experiences. The school staff includes Drama, Dance, Music, Digital Art and Visual Art educators who work with students during the regular school day. SRCSA also employs an ORFF Educator for grades K-2 to lay a solid music theory foundation for all children. All third and fourth grade students learn to play the violin- this again is part of the regular school day.

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on full-time equivalent (FTE) status. One FTE equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Reading/Language Arts	<p>The Collaborative Curriculum Design (CCD) units of study are an integral part of SRCS' comprehensive ELA curriculum. These standards-based units of study were developed over several years by SRCS teachers in response to the Common Core State Standards and the decision not to adopt a traditional ELA curriculum. They are designed to meet our students' interests and needs, and to be culturally responsive. Each unit of study within the CCD model is anchored on a cluster of interdisciplinary standards or learning goals. These integrated units support the teaching of ELA standards through the content of science and social studies. They are based on a collaborative, inquiry model of instruction with a focus on critical thinking and real-world problem solving that guide learners to higher levels of rigor and sophisticated thought. B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAA] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

Opportunities for Parental Involvement (School Year 2023–24)

?Parents and guardians will agree to participate in the life of the school. Two hours per month of service opportunities by each family is requested. Such service hours will be flexible and varied so as not to create barriers for a diverse student population. Varied service opportunities may include such things as classroom assistance, field trip transportation, fundraising support, Parent Advisory Board work, tutoring, reading with students, or supporting arts-related activities.?

State Priority: Pupil Engagement

School Safety Plan (School Year 2023–24)

?Our teachers continue their professional development in arts integration with the Kennedy Center teaching artists. Our collaboration has included the Wells Fargo Center for the Arts and the workshops provided by the Kennedy Center. This year teachers have the opportunity to participate in four professional development workshops with Kennedy Center Teaching Artists and classroom modeling by those teaching artists. In addition to the many professional development opportunities funded directly by SRCSA, teachers actively participate in numerous district sponsored PD events. Such opportunities include, Restorative Practice training, G.L.A.D. training, monthly grade level collaboration meetings, curriculum development meetings (CCD) to name just a few.?
