Re: Proposal for project inspection services
Santa Rosa City Schools / Warehouse

Dear Mr. Oden,

I am pleased to submit this proposal for on-site project inspection services for the Santa Rosa City Schools Central Receiving Warehouse project.

Scope of Services

Basic project inspection services shall be similar to that which is set forth in Part I, Title 24, CCR and in DSA IR A-8 and shall include construction inspection, submittal of DSA forms for an "Access Compliance Only" project, keeping job files and logs, attendance at meetings, observing required tests, scheduling special inspections and testing, reviewing payment applications (if this service is requested), and assistance with punch list preparation. The inspection services will be for an "Access Compliance Only" project. However, inspection of everything shown on the drawings will be required. There will not be a DSA 152 Inspection Card issued for the project or a DSA 103 Tests & Inspections form. The Architect and Structural Engineer shall prepare a list of required special inspections and tests. The main difference between the inspection services for a standard school project and this project will be that interim reports, semi-monthly reports, completion of inspection cards and DSA close out documents will not be required. A DSA 999 "Inspection Verified Report for Projects Exempt from DSA Approval" will be submitted to DSA upon completion of the project.

Fee

Compensation for project inspection services shall be based on an hourly fee of \$140/hour.
Estimated time: an average of 15 hours per week for 23 weeks of construction = 345 hours
Estimated fee: 345 hours x \$140/hour = \$48,300.00

General liability insurance will be provided at no additional cost.

The fee shall include on-site inspection (2 hour minimum charge per visit) and time required to write reports, review plans, process communications, travel to site, file project materials, submit DSA forms and attend meetings.

Indemnification

Inspector shall indemnify, hold harmless and defend District and its Board of Trustees, officers, agents and employees from and against all claims, damages, losses and expenses, including reasonable costs and attorneys' fees, arising out of or resulting from the Inspector's performance of the work, or work performed by the Inspector's

employees, excepting only such injury or harm as may be caused solely and exclusively by the District's fault or negligence. Such indemnification shall extend to all claims, demands, or liabilities occurring after completion of the project as well as during the progress of the work.

Insurance

If required, inspector shall maintain commercial or comprehensive general liability insurance covering bodily injury and property damage utilizing an occurrence policy form in an amount no less than \$1,000,000 combined single limit for each occurrence. Said insurance shall include, but not be limited to, premises and operations liability, independent contractor's liability, and personal injury liability.

Termination of Agreement

This Agreement may be terminated by either party upon five (5) days written notice to the other party. Upon termination, District shall pay Inspector for performance completed prior to termination but shall have no further obligation to Inspector.
