SUPERINTENDENT'S OFFICE
Dr. Daisy Morales, Superintendent

2024-2025 Superintendent's Student Council

Students signed up for the Superintendent's Student Council based on the following information:

Who is the Sup's Student Council?

They are a group of students in high school, representing their school and grade. They will share their thoughts and voice with the Superintendent to bring their concerns and creatively problem solve solutions together.

How many Sup's Student Council members will be selected?

We are looking to recruit up to 5 students from each high school.

How often does the Sup's Student Council meet?

The Sup's Student Council will have monthly, in-person meetings with the Superintendent. The council may have additional meetings, retreats, and/or related community youth organizing events. What day of the week we meet will be determined by the responses to this application.

What's the time commitment?

The Sup's Student Council requires some time commitment. The members will be expected to meet for 1-2 hours a month for the school year. More hours will be needed for field trips and other school related activities.

What are some examples of things the Sup's Student Council will work on?

- Share what things are working well for students at the schools
- Discuss what things need to be changed or improved
- Problem solve creatively on different ways of doing school
- Learn and develop leadership skills
- Discuss the power of using their voice through advocacy
- Learn how to participate in public and government meetings

How will the Sup's Student Council members be chosen?

The Superintendent and Principals will read the applications together and select the students that will represent each school for the year/semester. The Superintendent will email the selected students.
