SUBJECT: Authorizing Teachers to Teach Outside of Their Major or Minor - Teacher Consent Report

As of September, based on the 2024-2025 master schedules of class assignments, the following teachers were being asked to teach outside of their major or minor fields. To support the principals' class schedules, we are requesting the Board approve the following list of teachers to teach outside of their credential area through provisions set forth in the Education Code and Board Policy 4113.

Board Policy 4113 reads: "With his or her consent, a full-time teacher with special skills and preparation outside of his or her credential authorization may be assigned to teach in the areas of his or her special skills, provided the assignment is approved by the District". For the following teachers and their class assignments, you will notice the majority of the classes are electives. In some cases, there is no credentialing in the area. Teachers have been asked to keep in contact with their Human Resources Technician who will keep a list of units, workshops, seminars, and other activities attended to support their knowledge and skills to keep course curriculum relevant.

Key to Education Code Authorizations

1. Ed. Code 44263 - Out of Major/Minor, authorization to teach a single subject with 18 semester units or 9 upper division units.	2. Ed. Code 44256 (b) – holding Multiple Subject or Standard Elementary Credential can teach a single subject in grades 9 and below with 20 semester units or 10 upper division units.	3. Ed. Code 44258.2 – holding a Single Subject or Standard Secondary Credential can teach in grades 5-8 with 12 semester units or 6 upper division units.	4. Ed. Code 44258.3 - Verification of Subject Matter Knowledge - Assessment completed and verified.	5. Ed. Code 44258.7(c) - Petition to teach electives outside of Credential Authorization.	6. Ed Code 44865 - A valid teaching credential issued by the CTC shall be deemed qualifying for assignment in a necessary small high school or home and hospital setting.
