Motivational Speaker / 2 Assemblies -The Culture Shift Tour is not your typical school program—it's a movement that was born from the minds of students and has now transformed over 1,000 schools across the country. Unlike traditional speakers who come, lecture, and leave, Jared Scott, founder of the Culture Shift Tour, does something truly unique: he empowers students to have a voice, listening to their needs and ideas, and turns them into real, actionable plans.		Engaging and enriching students to advocate for themselves and gain the courage to tell their stories, to understand how to support and embrace differences is at the heart of Jared Scott's assemblies. He interacts with students by showing and telling relatable stories and asking important questions about their lives and their futures. Jared's words give kids confidence and courage to focus on the things they can control.				These types of programs and assemblies are used to enhance our school climate and culture while encouraging students to be kind, take care of each other and show empathy for all students.

My Life Curriculum© for (5th & 6th) grade students at SRACS. My Life aims to empower youth with knowledge, tools, motivation, and support to build positive self-esteem, develop healthy relationships, learn how to respond appropriately to bullying, make well-thought-out decisions, make positive choices in peer pressure situations, and navigate social media safely. Free to Be's High School volunteer Teen Innovators will join some sessions to share peer-to-peer experiences and role model healthy relationships and decision-making. Provide Free to Be parent presentation on social media safety and risk behaviors. This session will provide a comprehensive overview of the potential risks associated with social media use; including cyberbullying, privacy breaches, and exposure to inappropriate content. Free to Be will also discuss effective strategies for monitoring and guiding your child's online activities, fostering open communication, and setting healthy boundaries to ensure their online experiences are safe and positive.		Free to Be program builds confidence and self-esteem in youth, empowering them to make healthy choices and prepare them to make well-thought-out decisions. Their character-based curricula explores building healthy relationships, resolving conflict, identify bullying and how to help others, navigating social media, online safety, digital citizenship and peer pressure refusal skills. Also teaches parents how to navigate today's ever-changing youth culture.				We will use our Panorama survey data to evaluate effectiveness of this program.

Drug and alcohol counseling. These contracts are intended to provide restorative intervention and help students develop healthy decision making. Funded in partnership with Sonoma County Health and Human Services Department and carries no cost to the district.		The Board will consider the approval of a contract with Panaptic to support restorative intervention for an offense of possession of tobacco or THC products. This online resource will be facilitated by school staff during reentry after school consequences to support student learning about safe decision making and healthy life options. This is an amendment to the MOU signed on September 11, 2024, and increases the number of students served in this grant funded program to 50 seats.				This program will be evaluated for effectiveness by monitoring reduction in recidivism of violation of Ed Code 48900 c.

Contract Renewal - Preventative maintenance for AC units in networking closets.		Preventative maintenance for AC units in networking closets is necessary to ensure that the networking equipment doesn't overheat. Keeping the networking equipment running within manufacturer recommended temperatures is required for it to run efficiently and effectively, and to minimize downtime during critical business operations. This is also a requirement to maintain the network equipment warranty.				Equipment remains operable and the warranty remains in force.

Guided by a skilled teaching artist, this 50-minute experience introduces a classic opera story through a dynamic, interactive musical performance. Students will engage in a singing lesson, participate in the storytelling, and explore foundational elements of music and drama.			Students actively engage with narrative elements—characters, setting, and plot—enhancing their understanding of storytelling structures. Singing and verbal participation boost vocabulary, pronunciation, and expressive abilities.			Success will be measured through student engagement during the program, teacher feedback on its impact, and evidence of improved storytelling comprehension, oral language skills, and participation in follow-up activities.
