2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

About Our School

Ridgway High School is centrally located in the suburban city of Santa Rosa, California. Ridgway High School is the only continuation school in the district with a maximum enrollment of 300 students. Ridgway High School is an essential component of alternative education for Santa Rosa City Schools which includes an Independent Study Program (ISP), a Teen Parent Program, and six Special Education Transition programs. Ridgway High School has established itself as a high-performing campus with an emphasis on academic success for all students. Established in 1968, the school's facilities encompass five acres and were constructed in 2002.

2024-25 School Description and Mission Statement

Ridgway High School serves SRCS students who are credit deficient but want to earn a high school diploma. The words of William Spady, known worldwide for his efforts in educational reform, "All students can learn and succeed, but not on the same day in the same way," is the foundation that forms the basis for Ridgway High School's mission, learning outcomes, policies, and decision making.

Staff, parents, and students feel that Ridgway High School is a safe and secure place. The campus culture and routines are well-established. Restorative practices are used in student discipline with respect provided to all involved. Major discipline issues are not a regular occurrence on the campus as students are focused on graduation. Ridgway creates avenues for student success by stressing positive attitudes, regular attendance, and academic achievement. The school enables students to continue their education when they haven't been successful in the traditional high school system. Our high expectations hold students accountable to essential academic standards and rigorous graduation requirements.

School Description and Mission Statement

RHS MISSION:

Ridgway High School provides a safe, supportive environment for a diverse student population, focusing on credit recovery, personal accountability, and post-graduation transition skills.

RHS VISION:

Students will be immersed in individualized educational opportunities and experiences necessary to acquire the knowledge and skills required for today's evolving global landscape.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

The district uses the Facilities Inspection Tool (FIT) which was developed by the State of California Office of Public School Construction to evaluate the conditions at each school site with ratings of "good, fair, or poor" The FIT also provides an overall summary of the school conditions at each school site on a scale of "exemplary" good, fair or poor. Detailed information from the FIT is listed in Section IV of the complete SARC and is also available at the District Office.

This school was inspected in September 2024 and had an overall rating of "Good".

The school is maintained in good repair with a number of non-critical deficiencies noted. These deficiencies are isolated, and/or resulting from minor wear and tear, and/or in the process of being mitigated.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 Career Technical Education Programs

Career Technical Education (CTE) provides students with the academic, technical, and real-world knowledge, skills and experience they need to be prepared for college, career, and life. A CTE program involves a multiyear sequence of courses that integrates core academic knowledge with technical and occupational knowledge to provide students with a pathway to postsecondary education and careers. Several CTE courses are college-preparatory and/or are articulated with the local community college, where students can earn college units through the Credit by Exam process. In addition, some CTE Programs provide students the opportunity to earn industry-recognized certifications. Below is a list of CTE Programs at our site:

Culinary Arts

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

The School Site Council (SSC), which always includes parent and student members, contributes to our school's annual plan and budget approvals. In addition, our English Learners Advisory Committee (ELAC) is for parents of English Learners (ELs) and gives input on services to ELs. The contact person for parent involvement is Monica Montoya, RHS Family Engagement Facilitator; she can be reached at (707) 890-3770. Parents are invited to quarterly enrollment meetings, Back to School night and all school events. Parents are involved in any student intervention meetings whenever possible.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school Dropout Rates;
- High school Graduation Rates; and
- Chronic Absenteeism

2024-25 School Safety Plan

The 2024-2025 School Safety Comprehensive Framework by Santa Rosa City Schools emphasizes creating a safe, inclusive, and empowering environment that supports both academic success and emotional well-being. Grounded in the values of embrace, engage, and empower, the framework outlines nine focus areas: campus security enhancements like controlled

2024-25 School Safety Plan

access and surveillance, sufficient safety equipment, and professional development for staff regarding safety protocols and wellness. It also highlights mental health supports such as counseling services and conflict resolution programs, and collaboration with first responders and community partners for coordinated incident responses. A multidisciplinary threat assessment protocol, standardized emergency responses, and the implementation of an Incident Command System (ICS) ensure the district is prepared for various emergencies. Finally, reunification and recovery protocols aim to restore normalcy post-crisis, focusing on emotional and logistical support for students and families.

The plan also integrates continuous improvement measures, such as regularly updating emergency plans and conducting drills, and is aligned with the district's Facilities Master Plan to ensure feasibility and sustainability. The framework underscores the collective responsibility of staff, families, students, and community partners in fostering a culture of safety and readiness. By addressing physical, emotional, and systemic aspects of school safety, the framework sets the foundation for nurturing an environment where students feel secure and empowered to achieve their full potential. It reaffirms the district's commitment to collaborative, data-driven approaches to enhance safety across all campuses.

Site-Based Safety Plan Information:

Our school site is small and its configuration allows for excellent supervision before school, during breaks and passing periods, and after school. Ridgway High School is a closed campus that offers a variety of flexible schedules from four to seven class periods. The school has ample staff supervision during these times. Our school, with district guidance, evaluates and revises the school safety plan and emergency procedures yearly.

School Site Counsel signed the safety plan on May 12, 2024, The School safety committee meets monthly to discuss all campus safety concerns. A variety of emergency drills are executed monthly and reflected upon to improve practice.

Professional Development

District-Level Professional Development:

Secondary department chairs participate in quarterly meetings to discuss curriculum and instructional practices, analyze data, build districtwide coherence around instructional practices, and receive professional learning on equity-based strategies to increase academic achievement for all students. The district offers opportunities for staff to engage in Ethnic Studies professional development at three levels: Ethnic Studies 1.0, 2.0 and 3.0. Math Redesign professional learning focused on building district-wide coherence in grades Elementary -12th through professional learning with an emphasis on teaching to big ideas, culturally relevant math modeling, Building Thinking Classrooms, formative assessment, and Boaler's strategies for growth mindset and positive math identity. Redesign efforts included professional learning support to sites and leaders with a focus on the implementation of the New California Math Framework. Wellness and Engagement staff provide professional development to site Restorative staff and School Safety Advisors. Opportunities to be part of a collaborative focusing on supporting the needs of our multilingual learners is offered multiple times throughout the year.

Secondary Principals participate in Instructional Rounds of professional development five times a year. Vice Principals participate in professional learning specific to their roles and responsibilities, equity, master schedule, instructional leadership, SRCS Mission, Vision, and Priorities, data analysis for improving schools, using data in support of an aligned assessment system, supervision and evaluation, along with specific district and site-based programs and initiatives. All instructional administrators participate monthly in professional development on topics ranging from Essential 5, Incident Command, Data Protocols, and Differentiated Instruction.

The district offers 2 full days of professional development for all Classified and Certificated staff.

Site Specific Professional Development:

Monthly Professional Learning Community meetings are conducted where staff looks at student data to improve practices. Weekly Common Planning time is used for teachers to collaborate as departments or as a whole to look at tiered intervention systems to support all students. The Language Acceleration Review Committee meets quarterly to improve English Language Acquisition practices in all classes.
