## 2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

<b>Admission Requirements for the University of California (UC)</b>	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <a href="https://admission.universityofcalifornia.edu/">https://admission.universityofcalifornia.edu/</a> .
<b>Admission Requirements for the California State University (CSU)</b>	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <a href="https://www2.calstate.edu/">https://www2.calstate.edu/</a> .

### 2024-25 School Description and Mission Statement

The mission of the Santa Rosa Two Way Bilingual Immersion (SRTWBI) is to create a family and community centered environment that promotes a rigorous academic environment which creates bilingual, biliterate and multicultural quality education for all students. This environment fosters creative, honest and kind citizens of the community and the world.

The SRTWBI community believes that the best setting for educating linguistic minority pupils, and one of the best for educating any pupil, is a school in which two languages are used without apology, and where becoming proficient in both is considered a

## **A. Conditions of Learning** **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

<b>Reading/Language Arts</b>	<p>Estrellita and Cancionero Maravillas and Cancionero The Collaborative Curriculum Design (CCD) units of study are an integral part of SRCS' comprehensive ELA curriculum. These standards-based units of study were developed over several years by SRCS teachers in response to the Common Core State Standards and the decision not to adopt a traditional ELA curriculum. They are designed to meet our students' interests and needs, and to be culturally responsive. Each unit of study within the CCD model is anchored on a cluster of interdisciplinary standards or learning goals. These integrated units support the teaching of ELA standards through the content of science and social studies. They are based on a collaborative, inquiry model of instruction with a focus on critical thinking and real-world problem solving that guide learners to higher levels of rigor and sophisticated thought. ## School Facility Conditions and Planned Improvements

The district uses the Facilities Inspection Tool (FIT) which was developed by the State of California Office of Public School Construction to evaluate the conditions at each school site with ratings of "good, fair, or poor" The FIT also provides an overall summary of the school conditions at each school site on a scale of "exemplary" good, fair or poor. Detailed information from the FIT is listed in Section IV of the complete SARC and is also available at the District Office.  
This school was inspected in September 2024 and had an overall rating of "Good".  
The school is maintained in good repair with a number of non-critical deficiencies noted. These deficiencies are isolated, and/or resulting from minor wear and tear, and/or in the process of being mitigated.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

## 2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2024-25 Opportunities for Parental Involvement

This charter recognizes that students and schools are more successful when parents, staff, students, and the community work together to support and foster learning for all. Therefore; at the Charter School, the education of each child is a joint venture between the parent, student, community and school. To support this goal:

1. Parents/guardians, staff, and community partners are elected to serve on the Bilingual Advisory Board (BAB) (See Element D Below).

2. Parents and guardians who enroll their children in the school accept their responsibility for their children's education. Therefore, they will agree to:

- Discuss regularly with their child the importance of education and school.
- Keep in regular contact with their child's teacher(s) regarding student progress.
- Attend mandatory school sponsored parent meetings regarding the school's program.
- Consistently support their child in completion of school work and preparation for assessments.

3. Parents and guardians are encouraged to participate in the life of the school. Volunteer hours are flexible and varied so as not to create barriers for a diverse student population. Varied service opportunities may include such things as classroom assistance, field trip transportation, fundraising support, BAB work, tutoring, reading with students, and supporting bilingual related activities.

4. Staff provide outreach to students and their parents to create two-way communication and participation, efforts that will be overseen by the program coordinator. Ways to meet this goal may include:

- Parent Education and Information Nights

## 2024-25 Opportunities for Parental Involvement

- Language Nights
- Family/School/Community Nights
- Regular phone calls home and e-mail messages to share student performance
- Explanations of rubrics and other feedback tools and written feedback home regarding assessment, both formative and summative
- Parent-teacher conferences

## 2024-25 School Safety Plan

The 2024-2025 School Safety Comprehensive Framework by Santa Rosa City Schools emphasizes creating a safe, inclusive, and empowering environment that supports both academic success and emotional well-being. Grounded in the values of embrace, engage, and empower, the framework outlines nine focus areas: campus security enhancements like controlled access and surveillance, sufficient safety equipment, and professional development for staff regarding safety protocols and wellness. It also highlights mental health supports such as counseling services and conflict resolution programs, and collaboration with first responders and community partners for coordinated incident responses. A multidisciplinary threat assessment protocol, standardized emergency responses, and the implementation of an Incident Command System (ICS) ensure the district is prepared for various emergencies. Finally, reunification and recovery protocols aim to restore normalcy post-crisis, focusing on emotional and logistical support for students and families.

The plan also integrates continuous improvement measures, such as regularly updating emergency plans and conducting drills, and is aligned with the district's Facilities Master Plan to ensure feasibility and sustainability. The framework underscores the collective responsibility of staff, families, students, and community partners in fostering a culture of safety and readiness. By addressing physical, emotional, and systemic aspects of school safety, the framework sets the foundation for nurturing an environment where students feel secure and empowered to achieve their full potential. It reaffirms the district's commitment to collaborative, data-driven approaches to enhance safety across all campuses.

### Site-Based Safety Plan Information:

Student safety is paramount at Cesar Chavez Language Academy. Attentive student supervision takes place throughout the day, including before and after school. At lunchtime, administrators, two full-time campus supervisors/student advisor, and teachers monitor students. Every year our safety committee revises the school plan, which the School Site Council (SSC)

## 2024-25 School Safety Plan

approves. From the first day of school, we instruct students in the importance of safety, respect, and responsibility. Lessons provided through a daily advisory class help students understand how these values provide the foundation for all school rules. We focus on, encourage, and celebrate positive behaviors. Positive consequences are emphasized over negative ones, and our students learn that they are responsible for making the right choice for themselves and others. We also have assemblies for elementary students to focus on our school wide expectations.

Further, each month an emergency preparedness drill is conducted on campus: fire, earthquake and lock-down drills are reviewed, practiced and modified to be more effective.

Our staff safety committee works to update equipment and protocols to ensure the safest campus possible. A full-scale emergency operations plan is in effect and can be reviewed upon request.
