- Twice Retained Definition

Defining Twice Retained

For purposes of "supplemental tutoring" pursuant to G.S. 115C-83.8(e), a student is identified as "retained twice" if:

- a. the student is retained once in **first grade**, second grade or third grade, and the student is retained again in the third grade either by placement in a third-grade class again or given the reading retained label and placed in a transitional 3/4 class combination or accelerated reading
