

Prohibition Against Retaliation

Policy Code: 1760/7280

Repeal recommended – content is redundant from policy 1710/4021/7230 and having two processes is confusing

~~Board members and employees are expected to be honest and ethical in the performance of their duties and to comply with applicable federal, state, and local laws, policies, and regulations. The Board encourages employees to report possible financial improprieties, ethical violations, and other illegal practices and intends that employees who report such matters in good faith will not be subject to retaliation or other adverse employment consequences.~~

~~If an employee reasonably believes that (1) there has been a violation of federal, state, or local law, policy, or regulation, public policy, or an individual's ethical duties and (2) the violation is due to a practice, policy, act, or omission of the Board of Education, an individual Board member, a school district employee, or an entity/person with whom the school district has a business relationship, the employee should report that matter in accordance with policy 1710/4021/7230, Prohibition Against Discrimination, Harassment, and Bullying, and administrative regulations. Any complaint alleging a violation by the Superintendent, or an individual Board member, should be filed with the Board chair for investigation. Any complaint alleging a violation by the Board, should be filed with legal counsel for investigation. Board chair will authorize prompt, thorough and confidential investigations or other actions as necessary, in consultation with legal counsel.~~

~~The Board prohibits and will not tolerate any form of reprisal, retaliation, or discrimination against any employee who (1) in good faith, has made or intends to make a report of wrongdoing described in this policy; or (2) has refused to carry out a directive which may constitute a violation of federal, state, or local law, policy, or regulation, or poses a substantial or specific danger to public health and safety.~~

~~To be protected by this policy, employees who report violations or suspected violations must be acting in good faith based on a reasonable belief that the reported information represents an unlawful activity, policy, or practice. The protection extends to those whose allegations are made in good faith but prove to be mistaken. The Board reserves the right to discipline employees who know or have reason to believe that the report is inaccurate. Further, except as otherwise required by law, the provisions of this policy apply only to those situations in which an employee brings the alleged unlawful activity, policy, or practice to the attention of school officials or the Board and provides school officials or the Board with a reasonable opportunity to investigate and correct the alleged unlawful activity. If necessary, school officials or the Board may specify reasonable steps to protect the complaining employee from retaliation.~~

~~Each employee will receive a copy of this policy and will sign a statement verifying his or her receipt and understanding of this policy.~~
