Ms. Helen Odom Rice	Ms. Barbara Hampton	Dr. Sandra Reed
Ms. Lisa Kinnemore	Mr. Kevin Boyd	Mr. Allen Rice
Mr. Mike Royal		

Others present: Dr. Mike Buck, Mr. Scott Austensen, Dr. Garry McGiboney, Dr. Martha Reichrath, Ms. Pam Smith, Ms. Sandi Woodall, Ms. Carolyn Waters, Dr. Melissa Fincher, Dr. Howard Hendley, Mr. Allan Meyer, and Ms. Stacey Suber-Drake.

ACTION ITEMS

AGENDA

(Please note that the items in their entirety, with backup material and attachments, can be found on the State Board of Education's E-Board website, November 12, 2014 Called State Board Meeting.)

On November 12, 2014, at 2:00 p.m. by motion of Ms. Lisa Kinnemore and a second by Mr. Mike Long, a unanimous affirmative vote was given to approve the agenda for the November 12, 2014, Called State Board Meeting.

The Board did not enter into Executive Session.

RULES COMMITTEE ITEMS

1. **CI - Curriculum - English Language Arts and Mathematics Standards.** The State Board of Education granted permission for the posting of the Georgia Performance Standards for English Language Arts and Mathematics for public review and comment. Following discussion, the State Board requested that the attached "Mathematics - Executive Summary, Summary of Changes & Standards With Side by Side Changes" be amended to clarify, on page ii of the Executive Summary, the expectation of fluency in grades K-5 and 6-8. Mr. Kevin Boyd made a motion to approve, and seconded by Dr. Mary Sue Murray. The recommendation was unanimously affirmed by those present. (Appendices 1 & 2)

ADJOURNMENT

At 2:20 p.m., by motion of Mr. Scott Johnson and a second by Mr. Allen Rice, an affirmative vote was given to adjourn the Called State Board meeting.

NEXT SCHEDULED MEETING

The next State Board Meeting is scheduled for Thursday, December 11, 2014, at 10:00 a.m.

Submitted by:
Debbie Caputo
Recording Secretary

**Proposed Revisions to
English Language Arts Standards
Grades K-12**

Executive Summary
Revision of English Language Arts and Mathematics CCGPS

The Common Core Georgia Performance Standards (CCGPS) in English Language Arts (ELA) and Mathematics have been revised based on a formal review and evaluation process as directed by an Executive Order from the Governor. The review and evaluation process included several survey opportunities and legislative and State Board of Education listening sessions. Survey feedback was collected and analyzed by the University System of Georgia. The University System of Georgia provided survey results and recommendations for revisions to the standards to the State Board of Education on September 24, 2014. A Working Committee representing K-12 Georgia public school teachers, post-secondary staff, parents, and instructional leaders from across the state made revisions to the standards based on public feedback and recommendations from survey results for standards with less than 90% approval. ELA and Mathematics Advisory Committees then reviewed the recommended changes made by the Working Committees and provided additional suggestions for clarity and change based on feedback and survey recommendations. Business and Industry partners that include the Georgia Chamber of Commerce, Metro Atlanta Chamber of Commerce, Georgia Partnership for Excellence in Education, Georgia Public Broadcasting, and Georgia Power have been involved in the review and evaluation process. An Academic Review Committee consisting of representatives from the writing and advisory committees and Department of Education leadership staff reviewed and finalized the draft revised standards for presentation to the State Board of Education for permission to post for 60 days of public review and comment.

Note: There were some recommendations made by survey respondents that committee members felt would be more appropriate for inclusion in the Teacher Guidance documents developed by the Department of Education for each grade/course and subject. Other recommendations to be emphasized in Guidance and Professional Learning include: **phonics instruction, cursive writing, literature and informational text, traditional computing methods, and the memorization of addition, subtraction, and multiplication facts.**

See next two pages for charts summarizing changes.
