**Application Statement:**

As the Student Representative to the board of Education of Santa Rosa City Schools, my focus would be on prioritizing and valuing the varying perspectives of my peers, schools, and community. I want to be here for the people and contribute to the board in any way I can as the representative. Every day, I encounter a diverse range of individuals, from students to adults and customers. With my association and involvement in an abundant selection of clubs, sports, volunteer work, and a part-time job, I have recognized the impact my roll and presence have played in every activity I participate in.

In addition, I am a firm believer that students are of utmost responsibility for their learning and education. As someone who advocates for lifelong learning, becoming the representative will also allow me to advocate for causes that impact our academics and familial environments. With my commitment, dependability, leadership roles, and passion to enhance the educational system, I am optimistic that I can continue the admirable work Georgia Beard and past Student Representatives endorsed throughout the years. If selected as the student Representative for the 2022-2023 school year, I know that I can represent the attitudes and beliefs of students not only at Piner High School but students across the entire Santa Rosa City Schools District.
