Educational Services / Samuel Martinez	\$7,400.00	August 1, 2023 - August 1, 2026			5817	LCAP	
Description of Services		Consideration			Evaluation and Metrics		
Kuta software provides High School Math teachers with software to build supplementary math worksheets, assessments, and supplementary problems in support of standards based instruction. Teachers have been utilizing this for the past several years for Math 1, Math 2, Math 3, Precalculus, and Calculus courses. It allows for more directed formative assessments and follow up support for students.		This contract will renew the current subscription of the KUTA software program for the next three years for all secondary Math teachers. This has been used substantially by teachers as a support to be able to develop standards based worksheets for assessment, additional practice, follow up support, and ongoing directed support for students.			This software renewal will continue to support all secondary math teachers across the 5 comprehensive high schools. Evaluation will consist of the monitoring of usage data across the system, collecting feedback from High School Math teachers, as well as monitoring for student achievement growth through the NWEA Map assessments.

Description of Services		Consideration			Evaluation and Metrics		
Landpaths will designate 6 weeklong outdoor camps at several open space areas for SRCS students, ages 6-13, to attend. This includes providing the staffing and educational program supportive of social, emotional, and physical well-being.		When SRCS partners with LandPaths, the focus is not only on environmental stewardship but also social-emotional and physical wellness through experiences in nature. This will be the District's 3rd year partnering with LandPaths to offer this summer enrichment opportunity. Feedback from the previous two years of programming has been positive, leading to the decision to continue providing students the opportunity this summer. Opportunities such as this increase student connection to school, one another & careers related to the environment.			This will impact 216 students, ages 6-13, and be evaluated through both attendance and post surveys.

Description of Services		Consideration			Evaluation and Metrics		
The training focus is the research and theory of the GLAD Model, second language acquisition, brain research, cultural sensitivity and respect, classroom implications and applications. All strategies will be integrated with California State Standards/Common Core State Standards with a focus on English Learners. There is also a focus on Social-Emotional Learning integration. An in person demonstration will take place over three consecutive days observing the secondary GLAD strategies in action, with a coach to guide the lessons. Time to plan lessons with the trainers and colleagues will be provided on the demonstration days. A 12-hour refresher will be provided for staff to support implementation.		GLAD training has occurred in SRCS since the 2013-2014 school year. This training will support a cohort of secondary teachers, EL Specialists and administrators to learn research based theory and instructional strategies focusing on English Language Development. Project GLAD is a strong professional development opportunity that positively impacts teacher practice and student learning.			Classroom observations of trained staff and English Language proficiency growth of students will be monitored to evaluate growth and success of training. Students will show one to two level growth as measured by ELPAC assessment in the Spring 2024 assessment.
