2/5/2023

To whom it may concern,

This letter is to certify that Development Group Inc. (DGI) is a certified reseller of all N1 Critical Technologies (N1C) equipment. DGI has received the necessary training to purchase, install and configure N1C single-phase Uninterruptible Power Supply (UPS) units and accessories (batteries, bypass systems, transformers, etc.).

It is best practice that N1C-branded equipment is installed by certified reseller partners. If not properly installed, the 10-year N1C warranty may be void for service and/or replacement.

Thank you,

Mike Heine  
Business Development Director  
608-289-9755
