- Puma Prensa

Community Activities:

- Park a month Program through Santa Rosa Parks & Recreation
- Forgotten Felines – volunteer at their thrift store and as a laundry helper
- Helped raise money for nonprofit organizations, Living Room and through the clubs I participate at school.

Application Statement:

I believe that I should be selected as the student Representative to the Board of Education of SRCS because I am an active member of the community and will work to connect with students and student run governments throughout the District. I understand that as the Student Representative I would represent the entire student body of all the schools in the district which include elementary and middle schools, I plan to reach out to the student's governments or administration of these schools in order to gain perspective on what these students need from their schools. I also plan to deepen my participation in my school and community as a whole so that I can better understand the dynamics of my community. I strive to be more outgoing in my community as well as well educated on the events of my community, I believe that these qualities will be useful to the Board of Education. From my time as a writer for the Puma Prensa, I have also gained new skills that go beyond what you would learn in a typical classroom environment. I have learned how to reach out to people that I do not have previous connections with in a respectful manner and have gained new connections with people I would not have otherwise known. I have also learned how to follow up on my communities and how to support the group I am part of when needed. All of these qualities would help me perform my duties and provide unique perspectives on a range of topics as the Student Representative to the Board of Education.
