The Superintendent or designee shall work with interagency partners to explore funding opportunities available through each agency, state and national grant programs, and/or private foundations for youth service coordination and delivery.

In order to facilitate service delivery or determination of eligibility for services, the district may share information with other appropriate agencies with parent/guardian consent and in accordance with laws pertaining to confidentiality and privacy.

(cf. 0500 - Accountability)

The Board shall communicate with the community about the district's collaborative efforts and the conditions of children within the schools. The Board may advocate for local, state, and national policies, programs, and initiatives designed to improve the conditions of children and youth.
